NEWS AND NOTES - WEEK FIFTEEN, 2010

NEWS AND NOTES: Tough loss for Arizona vs Arizona St. While both D's controlled matters in the 1H and ASU had a 136-83 yd edge, there were 5 key plays that hurt UA. ASU led 6-0 helped by the fact UA dropping four int's. Any one of those would have set them up and taken away QB Osweller's confidence as he struggled early on. UA also had a zero yd punt and on ASU's final drive of the 1H they converted on 3&10, 3&8 and even 3&19. UA appeared to take control with two 3Q TD's and led 14-6 but fumbled at the 49 up 14-9. ASU got a couple of fortunate pen's. On 2&5 they took a 6 yd sk back to the 11 but a hands to the face on a DL was called for a FD at the 2. Then on 3&3, ASU's rec pushed the UA DB to the ground and caught the ball for the TD. A flag was thrown for the obvious pass interference but it was ruled def pass interference so it was a TD. The final 2 key plays that went against UA both involved xp's. They got a TD with :27 left in the game to pull out the win but the xp was blk'd sending it to OT. In the 2nd OT each team got a TD but ASU blk'd the xp again...Fresno St got their 2nd win over a BCS school this year after beating Cincinnati in the season opener. FSU dominated early with a 72/8pl TD drive then got a 78 yd TD pass and after a 6pl drive, a 45 yd FG to lead 16-0 after 1Q. IL got an 18 yd FG then a 35 yd TD run and it was 19-10 at the half and FSU had a 233-165 yd edge. There were 3 TD drives on the first 5 poss of the 2H, two by Illinois but after their 2nd TD which came with 14:55 left in the game they missed the 2 pt conversion and trailed 25-23. UI punted with 9:31 left and FSU on 3&13 fired incomplete from their own 7 but a pers foul late hit gave them a FD. They then converted on 3&10 and opted to go for it on 4&1 and got a FD to their own 47. After 1 more FD, they finally punted with just :18 left after a 50/15pl drive. IL brought McGee in at QB (bigger arm). After an incompletion he was sk'd at his own 4 on the final play...Northern Illinois once again lost a MAC Title game with a late 4th down conversion. In 2005 when after 4 FD's, Akron's Hixon hauled in a 36 yd TD pass with :10 left and on 1st & 15 NI's Hail Mary pass fell incomplete. This year Miami in the 1H had an xp and FG blk'd and trailed 14-13. They drove for a TD to open the 3Q to lead 20-14 but then faked a FG on 4&gl from the 5 and only gained 3 yds. It appeared those 3 points would come back and haunt them and perhaps the reason they did not try to the FG were the 2 blocks. NI led 21-20 and punted with 2:48 left and MU took over at its own 48. They faced a 4&20 and although a deep pass was underthrown and deflected by a Huskies defender and Givens hauled it in for a 31 yd play to the NI31. On 2&12 they got a 33 yd TD pass for a 26-21 lead. NI got down to the MU32 but on 3&8, Harnish scrambled and was tk'd and the clock ran out...West Virginia dominated Rutgers much more than the final score would indicate. The Mountaineers had 25-11 FD and 523-203 yd edges. In the 1H WV fumbled at the RU8 then RU13 costing them 2 scores. They also had a 37 yd FG blk'd and only led 14-7 at the half. QB Smith got a 10 yd run for an apparent TD but as he was going in, he fumbled. For their 3rd fumble inside the 15. WV got a TD with 4:32 left to lead 35-7 but RU on 4&2 got a 6 yd pass to the WV44 and then a 44 yd garbage TD pass to Harrison with 2:02 left to "only" lose by 21... UCF held the ball for 13:00 in the 1Q and UCF and SMU combined for just 10 points in the 1H, the lowest total in the 6 year history of the CUSA Title game. UCF had their opportunities to take charge. At the end of the half, they had a 1st & gl at the 3 but settled for a 29 yd FG and led 10-0. UCF opened the 3Q with an 85/8pl drive for a 36 yd TD run by Latavius Murray who had 2 TD's and was the game's MVP. SMU got a 22 yd TD pass with 9:15 left to get back within 10. UCF got an IR to the SMU28 but after a sk on 4&17 opted for a 52 yd FG and missed it with 3:41 left. SMU converted on 4&5, 3&12 and 4&7 but on 4&10 from the UCF25 was sk'd for an 8 yd loss...Pittsburgh's Dion Lewis rushed for 261 yards and 4 TD's on a snow covered field at Cincinnati. You could not see the yard lines and Pitt was wearing white uniforms which may have helped them as they blended into the surface. Finally Lewis was given the feature back role and was handed the ball 42 times and was very effective. Pitt had a 430-265 yd edge and while they won by 18, they also blew some opportunities including having a pass go through WR Shanahan's hands and was int'd at the UC1, they hit the upright on a 38 yd FG and fmbld at the UC4 with 5:48 left...Boise St was coming off a rare loss but rolled over Utah St 50-14 in a game they led 43-7. Unfortunately, Kyle Brotzman only had 1 FG attempt in and he missed it. Utah St rushed for 250 yds but only threw for 41 on the blue turf. Utah St's Kerwynn Williams set a new FBS single season record for KR yards with 1,421 on the year breaking the previous mark of 1,410 set earlier this season by Taveon Rogers of New Mexico St...Howard Schnellenberger coached his 300th career college game but it didn't go the way he would have liked it to as Troy dominated FAU. Leading 30-0 at the half with a 307-164 yard edge, Troy rolled to a 44-7 win. FAU lost their last 3 games of the season and finished 4-8 on the year...Colin Kaepernick tied an NCAA record for TD's rushing by a QB as he got his 59th on what was a designed pass play. He ties Nebraska's Eric Crouch for that mark. Kaepernick hit 13-17-159 passing while rushing for 155 yards on 20 carries. He has topped 100 yards rushing 16x in his career and became just the 3rd QB in NCAA history to top 4,000 yards rushing (4,090) trailing only Pat White (4,480) and Brad Smith (4,289). Louisiana Tech led 14-7. LT's Phillip Livas nearly set an NCAA record for KR TD's but Nevada K Ricky Drake tackled him in the 4Q when he was on his way to what would have been his 9th...Oregon struggled for most of their game vs Oregon St, trailing 7-0 early. OSU faked a FG and was int'd and the Ducks went 74/7pl for a TD. UO did miss a 25 yd FG on the final play of the half after a 73/13pl drive. UO had a 242-126 yd edge. The Ducks were SOD at the OSU32 early 3Q but went 79/7pl for a TD to lead 23-7. OSU went 65/11pl but settled for a 26 yd FG after a 1st & gl at the 2. On OSU's next drive they had a 1&gl again but settled for a 22 yd FG and trailed by 10, 23-13. UO got a 23 yd TD run with 12:16 left to go up by 17. OSU punted with 10:40 left, was int'd at the UO39 and then the Ducks clinched it with a 10 yd TD run by James with 4:27 left, 37-13. OSU got a garbage 12 yd TD pass with 1:18 left for the 17 pt final. UO did have a 491-319 yd edge...Idaho blocked a 26 yard FG by SJS on the last play of regulation to force OT and in OT SJS settled for a 39 yd FG while Idaho, on 3&8, got a 23 yd TD pass. SJS outgained the Vandals 496-421. SJS also missed an xp in the 3Q which would have given them the victory in regulation as well. Not only did they have problems with FG's, but in the 2H SJS went on a 72/9pl drive and had a 2nd & gl at the 1. La Secla was int'd in the EZ for a TB. At the end of the half, SJS had a FD at the ID13 with :43 left but La Secla was int'd at the 5 costing them even more points...Cam Newton wrapped up the Heisman and Auburn got the largest victory ever in an SEC Title game in their rout of South Carolina. Auburn scored TD's on their first 3 poss to jump out to a 21-7 lead but at 21-14 on the last play of the half, Newton threw a Hail Mary pass to the EZ which bounced off 1 receiver and was hauled in by Adams for a 51 yd TD to make it 28-14. Auburn had a 348-196 yd edge at the half. Auburn finished with a 589-349 yd edge with SC gaining 102 of its 349 yards on the final 2 drives trailing 49-14. Newton rushed for 73 yards and hit 17-28-335...The Apple Cup was interesting as Washington needed a win to become bowl eligible. Chris Polk had the 2nd best rushing total in UW history with 284 yards on 29 carries. Only Hugh McElhenny's 296 in 1950 (also vs WSU) is better. UW came into the year the 3rd longest drought of AQ schools of not getting to a bowl with only Baylor and Duke being longer. UW's last trip came in 2002. Big plays were the keys for the Huskies. On a fake punt they got a 30 yd pass down to the 7 in the 2Q and a TD on the next play made it 14-0. UW led 28-14 when WSU drove 70/10pl and 73/6pl for TD's to make it 28-28 with 4:26 left. With 1:21 left the FG unit was brought on for a 49 yd'r but changed their mind. They went for it and got a FD run to the 16. A pers foul forced a 2nd & 21 and UW needed just a FG for the win but opted to go for the EZ and got a 27 yd TD pass with :44 left on 2 & 21 to get the cover...Matt Barkley was questionable coming in but hit 15-26-198 yards. USC got a 68 yd FR TD to lead 14-7 in the 2Q and beat their crosstown rival for the 11th time in the last 12 meetings. USC did have a 474-358 yard edge and a 22-17 FD edge. Despite finishing 8-5, USC will not be in a bowl for the first time S/07 due to NCAA sanctions and it would have been a Holiday Bowl berth this year. UCLA trailed 28-7 before getting a TD with just :23 left in the game as the Bruins lost their 6th game in the last 7. It was only the 4th time in the last 35 years neither is headed to post season so it was like a bowl for both. The crowd of 71,105 was well below capacity...Oklahoma won its 7th Big 12 Title, more than 2x as many as any other school and it was the 7th straight for the South Div. OU had 454-293 yd and 19-13 FD edges. The Huskers had 3 big plays to take a 17-0 lead. They got a 66 yd TD run by Roy Helu as they had limited success on offense in the 1H. They got a 53 yd FG by Alex Henery and then got a 33 yd IR to the OU12. At the end of the play, Sooner WR Broyles took the ball out of Osborne's hands and it was orig ruled OU rec'd a fmb'l but replays showed Osborne's knee could have been down and they gave the ball to NU. Two plays later they got a TB pass out of the Wildcat from TB Burkhead to Reed, 17-0. OU got the 2nd largest comeback in Big 12 Title history (CU came back from 19 down to beat UT in '01). NU has now lost the last 2 B12 Title games by a total of 4 points. Taylor Martinez was sk'd 7 times. OU was SOD at the NU34 on 4&5, SOD at the NU25 on 4&1, settled for a 26 yd FG after a 12 play drive, missed a chipshot 24 yd FG, settled for a 20 yd FG after a 59/8pl drive on a 1st & gl at the 3 and settled for a 27 yd FG after a 55/11pl drive.

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game. With all that said here are this week's Power Plays Selections.

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
NAVY	315	55	31	1.9	-
ARMY	250	135	30	1.4	✓

Philadelphia. Navy has won an amazing series record 8 in a row SU vs their bitter rival Army by an avg of 36-9 (outgained Army by 150 ypg) and is 14-5 ATS. The favorite is 9-4 ATS. Over the last 3 years Army has been outscored 89-6. LY Army led 3-0 at the half (their first halftime lead in the series since 2001), but Navy shut them out in the 2H for a 17-3 win. Army forced 3 fumbles but a pair of missed FG's, a lost fumble and an int were too much to overcome. Army HC Ellerson recruited Navy HC Niunatalolo to play QB at Hawaii in the mid '80's. Navy QB Dobbs has missed 2 gms with injury this year (should be healthy now) but is still the team's top rusher with 806 (3.6) and is avg 119 ypg pass (55%) with a 10-4 ratio. Navy faced Georgia Southern earlier TY (also triple option) and only escaped with a 13-7 win (193-109 yd edge). When Army defeated Kent St they became bowl eligible for the first time since 1996. They had a game at Yankee Stadium vs Notre Dame on deck but after the KS win they chanted "beat Navy". The Army Sr class is trying to avoid becoming the 2nd straight class never to beat either Air Force or Navy. Army FB Hassin leads with 881 (5.6) while QB Steelman is the #2 with 620 (3.7) and is avg 76 ypg pass (55%) with a 5-3 ratio. Navy has the edge on off (#52-87) but Army has the edge on def (#68-81) and ST (#51-106). Both teams lost to Air Force this ssn (Navy 14-6, Army 42-22) so the CIC Trophy is not on the line here. Navy beat ND 35-17 while Army lost to the Irish 27-3. Both tms have already clinched bowls and each has had 3 weeks to prepare, but this is the most important game of the year for both teams. With both teams running the same form of triple option, this gm should be close.

Northcoast Sports' Power Plays projections for this weekend's FCS matchups are listed below.

	Yards Rushing	Yards Passing	Points	Turn Overs
VILLANOVA	211	135	28	2.3
APPALACHAIN ST	184	215	29	2.0

First meeting. VU has been a different team since the return of their all-purp star Matt Szczur, who led in both rush (68) and rec (128) in their 54-24 win over SF Austin. However they travel to face #1 seed App St who is led by QB Presley who rushed for 264 yds (16.5) in the snow in their 42-14 rout of WIU. We'll call for the home field edge to be the deciding factor here.

APPALACHAIN ST 29 VILLANOVA 28

	Yards Rushing	Yards Passing	Points	Turn Overs
NORTH DAKOTA ST	158	160	22	2.7
E WASHINGTON	157	245	24	2.7

First meeting. EW is 7-0 on their new red turf incl a 37-17 win vs SEMO (22-8 FD edge). Our power ratings call it close, but NDSt's 42-17 win over MSU is misleading as they scored 28 pts in 4Q incl 3 drives of 38, 52 and 10 yds without their starting QB. Look for EW to make it 8-0 at home.

E WASHINGTON 24 NORTH DAKOTA ST 22

	Yards Rushing	Yards Passing	Points	Turn Overs
NEW HAMPSHIRE	91	220	23	2.3
DELAWARE	164	255	31	3.2

NH has won 3 str vs UD (by comb 11 pts) but these two last met in '07. Behind bkup QB Decker, NH beat the MEAC Champ BCU 45-20 but BCU was without QB Johnson (#1 rusher). UD led PFL Champ Lehigh 42-13 in the 4Q before giving up a meaningless TD. Look for UD to end their losing streak to the Wildcats here.

DELAWARE 31 NEW HAMPSHIRE 23

	Yards Rushing	Yards Passing	Points	Turn Overs
GEORGIA SOUTHERN	241	35	22	2.6
WOFFORD	254	85	20	2.4

Wofford beat GS 33-31 at Paulson Stadium with a 408-342 yd edge. Wofford's only two losses were to Ohio and App St but they lost to App St 43-13 the week after GS beat them 21-14. That win over App St was the beginning of a 5 gm win streak that carried GS into and through their first 2 playoff gms. This should be a close one but we will call for GS to keep their streak alive.

PRO FOOTBALL DECEMBER 9TH-13TH, 2010

Power Plays is based upon statistical numbers & rankings that are used to develop the projections you see here. As with all types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, one would expect the projections to be more reliable after a number of weeks worth of stats are input. The numbers in parenthesis are a comparison of the teams rankings (Visitor, visitors offense ranking vs home defense ranking, Home home offensive ranking vs visitor defensive ranking) over each teams last 4 games.

THURSDAY, DECEMBER 9th

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
INDIANAPOLIS	97	270	21	1.9	#31
TENNESSEE	138	123	20	1.5	#9

(IND #13 vs TEN #27, TEN #32 vs IND #13) - Despite having their 1st 3 game losing streak since mid-2002 IND can still win the AFC South by winning out over JAX due to a better record in common games. TEN was 5-2 at one point but have now lost 5 straight for the 5th time in 7 years. Can the Colts keep their playoff hopes alive with a short week or with the Titans out of the mix will they take another Div team down with them?

NO PLAY: COLTS 21 TITANS 20 SUNDAY, DECEMBER 12th

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
OAKLAND	138	195	21	1.2	#10
JACKSONVILLE	173	213	23	2.0	#8

(OAK #31 vs JAX #10, JAX #8 vs OAK #23) - Both teams are off huge Div wins but as the L4W show here the Jags have been more consistent. Jones-Drew has rushed for over 100 yds in 5 straight games & gets an OAK allowing 123 ypg (4.8) rushing on the road (24th). OAK (1-4 ATS away off SU win) seized the momentum after 2 early SD mistakes and didn't let up. PP calls for a 53 yd edge by JAX but for OAK to keep it close. Teams 8-18-2 ATS after winning SU as a 13 pt Dog & we aren't sold on Campbell's consistency so No Play.

NO PLAY: JAGUARS 23 RAIDERS 21

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
CINCINNATI	42	220	15	2.5	#29
PITTSBURGH	133	245	30	1.7	#1

(CIN #29 vs PIT #8, PIT #7 vs CIN #19) - LW's SNF win vs BAL was very costly for PIT as they lost P Sepulveda (ACL), RT Adams (ankle sprain), TE Miller (concussion) with Roethlisberger breaking his nose. CIN rallied from 20-6 mid-3Q to make a game of it vs NO with 2 59 yd drives and a Brees Int to set up a short field. PP calls for PIT to have a 116 yd edge here with a sizeable margin and we agree but with the slew of injuries and large line (PIT 2-5 ATS fav 7.5 or more) we'll temper the grade.

3★ STEELERS 30 BENGALS 15

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
NEW ENGLAND	91	223	26	1.0	#11
CHICAGO	117	273	25	2.0	#7

(NE #9 vs CHI #4, CHI #24 vs NE #32) - NE is off LW's huge MNF game to determine the AFC East. Brady is 5-1 ATS vs top 10 defenses TY and CHI has had the benefit of facing 2 3rd string QB's in the L3W. This will be a great matchup of NE's Saints style diffusion passing game vs CHI's Cover-2 which can be vulnerable to bigger TE's like the Patriots have. CHI is 1.5 games ahead of GB for the NFC North and are actually the #2 seed in the NFC. With no solid line due to MNF though we can't make a projection so this is a No Play.

NO PLAY: PATRIOTS 26 BEARS 25

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
CLEVELAND	169	173	23	2.0	#4
BUFFALO	128	215	19	3.0	#24

(CLE #27 vs BUF #26, BUF #23 vs CLE #18) - Mangini got his 1st win as CLE's HC LY with a 6-3 win as a 6 pt AD as BUF muffed a punt to set up CLE's game winning FG. CLE played disciplined (only 4 pen's) small ball (71% comp 6.4 ypa) vs MIA LW as they patiently waited for the Dolphins to make a game changing mistake. BUF was blown out LW as with a 40 yd Int return vs a rusty Jackson & a garbage time TD drive. PP calls for BUF to give up their 16th 150 yd rushing game in 29 games here with CLE getting the outright win & we agree.

3★ BROWNS 23 (+) BILLS 19

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
NY GIANTS	105	203	22	2.5	#25
MINNESOTA	124	215	21	2.7	#21

(NYG #14 vs MIN #7, MIN #26 vs NYG #21) - Manning is 0-4 SU & 1-3 ATS vs the Vikings as Frazier's defense has held him to 206 ypg (52%) with a 2-9 ratio. NY got back to playing Giants ball LW with 36 rush att's (5.5) with the defense pulling in 4 sacks & 6 takeaways. MIN throttled BUF LW without WR Harvin, LG Hutchinson, DE Edwards with Favre (shoulder sprain) getting KO'd after 3 snaps. PP calls for a close game here but MIN's 2 wins have been vs the #29 & #29 defenses. With no line due to Favre's injury this is a No Play here.

NO PLAY: GIANTS 22 VIKINGS 21

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
GREEN BAY	116	258	31	1.0	#28
DETROIT	101	230	19	1.9	#5

(GB #4 vs DET #12, DET #12 vs GB #2) - While only 2-10 the Lions are playing good ball right now despite fielding their #3 QB vs CHI LW and Schwartz has the team in the right direction. Rodgers has 5 straight games with a QBR of 105+ vs DET who have given up 3 straight games of 117 QBR's with no Int's in the L4W. Despite an 8-4 mark GB is on the outside of the playoff scene in the NFC. PP only gives them a 43 yd edge here with a 12 pt margin which lowers the grade here.

3★ PACKERS 31 LIONS 19

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
ATLANTA	142	208	34	1.3	#12
CAROLINA	107	205	14	2.1	#15

(ATL #20 vs CAR #25, CAR #28 vs ATL #15) - Down by 10 with 10 to go thanks to their 1st TO's in 5 games (2 Int) the Falcons got a huge spark in their rally with a 102 yd KR for a TD. They are now 7-2 ATS on the road and get a CAR team that let a 14 pt lead slip thru their hands at SEA LW. The Panthers had 7 straight drives of 12 or less yds with just 1 FD at one point. While PP only has ATL with a 38 yd edge here the fact is they are finding ways to win on the road while CAR lacks the talent or experience (1-5 ATS at home) to match up here.

3★ FALCONS 34 PANTHERS 14

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
TAMPA BAY	145	185	23	1.7	#17
WASHINGTON	111	248	17	2.0	#14

(TB #22 vs WAS #29, WAS #15 vs TB #5) - Before giving up a 102 yd KR to turn the momentum around the Bucs had held ATL to 59 total yds on their L5 drives with a 10 pt lead. Freeman led them to the ATL 27 with 2 min left but was Int'd ending their chances at another comeback. Shanahan admitted his team was embarrassed vs the Giants with 7 of their 14 drives ending in a TO. PP calls for TB to log their 6th road cover here but over the L2 weeks they've lost their starting SS, RG, released their #3 Safety, with Ctr Faine (triceps) & their best CB Talib (hip) being KO'd vs ATL. That keeps this from being stronger.

3★ BUCS 23 REDSKINS 17

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
ST LOUIS	89	195	16	1.7	#22
NEW ORLEANS	119	315	30	1.1	#18

(STL #17 vs NO #17, NO #2 vs STL #21) - Despite solid stats the Saints have had a nasty tendency to play to the level of their foes TY blowing a 14 pt lead to CIN LW barely escaping with the win. STL has taken advantage of a soft sited and have equaled their win total from the L3Y combined after having the #1 pick in the draft. NO barely escaped with a win LY vs STL (28-23 14 pt AF) & are 0-2 ATS TY vs rookie QB's. PP calls for a sizeable yard edge here (+150 yds NO) to back up the margin for a play and we agree.

4★ SAINTS 30 RAMS 16

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
SEATTLE	64	243	20	1.2	#3
SAN FRANCISCO	139	268	25	1.4	#19

(SEA #6 vs SF #9, SF #25 vs SEA #28) - SEA was in a prime situation at home vs the youngest team in the NFL worn down from a long season with a rookie QB. While SEA bounced back from a 14 pt deficit with their best rushing effort of the year (161 yds 5.2) they lost their best skill player in Mike Williams (52 rec 12.6) who has 29 more rec yds than the #2 & #3 WR's combined. SF had a solid gameplan vs GB but were worn down late in the game as they lacked the power rush attack from Gore. PP has this right at the line though making this a No Play.

NO PLAY: 49ERS 25 SEAHAWKS 20

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
MIAMI	91	136	12	2.0	#30
NY JETS	125	225	21	1.0	#2

(MIA #19 vs NYJ #3, NYJ #5 vs MIA #1) - MIA dropped to 6-6 after losing a tight game vs CLE as the OL struggled with the Browns strong interior pass rush (50% comp 3 Int 1 blocked FG). Henne has been very inconsistent for the Dolphins looking good vs MIN, GB, OAK on the road where he's 10-2 ATS as a starter but stumbling at home. The Jets are off LW's AFC East "mini-championship" game on MNF however & without those results we can't make a projection here so No Play.

NO PLAY: JETS 21 DOLPHINS 12

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
DENVER	139	235	27	1.5	#26
ARIZONA	102	213	19	3.8	#6

(DEN #16 vs ARZ #24, ARZ #30 vs DEN #31) - Over the L4W ARZ has been outgained by 95 ypg, are -3 TO's & have been outscored by 18 ppg with only TEN playing worse than them (-145 yds -8 TO's -11.5 ppg). They very well could be down to rookie 5th RD DC John Skelton from Fordham here as Anderson (concussion) & Hall (disloc non-throwing shoulder) were KO'd LW. DEN was thoroughly outplayed statistically (359-247 -14:28 TOP) but bad situational play by KC kept them in the game. PP calls for DEN with a 59 yd edge here & this a very winnable game for them here for a small play until we get a firm injury report from ARZ.

2★ BRONCOS 27 CARDINALS 19

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
KANSAS CITY	153	163	19	1.3	#16
SAN DIEGO	102	233	26	0.9	#32

(KC #3 vs SD #11, SD #18 vs KC #16) - SD was rolled by OAK LW as a 13 pt HF due to 2 early mistakes (Sproles muffed punt, Rivers Int) & they couldn't recover. KC outplayed DEN but Haley's continued errors in situational coaching almost cost them the game. PP calls for SD to only have a 19 yd edge here with the score right at the line making this a No Play.

NO PLAY: CHARGERS 26 CHIEFS 19

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
PHILADELPHIA	130	273	34	1.6	#20
DALLAS	111	255	30	2.4	#13

(PHI #1 vs DAL #30, DAL #10 vs PHI #14) - DAL is off a big road win vs IND where they Int'd Manning 4 times & are playing up to their talent level under Garrett. While out of the playoff hunt they are one of the key teams in the NFC with this being the 1st of 2 matchups vs the 1st place Eagles. PHI (9-4 ATS Div AF) has the edge of extra rest here but DAL has nothing left to lose in a primetime event.

NO PLAY: EAGLES 34 COWBOYS 30

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
BALTIMORE	79	250	23	1.1	#23
HOUSTON	113	278	20	1.0	#27

(BAL #21 vs HOU #20, HOU #11 vs BAL #6) - BAL is off a brutal SNF game vs PIT & will need the extra day to recover from it physically. Despite a tough year HOU is only a game out of the AFC South & 3 wins could set up a season ending showdown vs JAX. PP has this at the line making it a No Play. **Don't miss out on Monday Night Magic!
