### NEWS AND NOTES - WEEK ELEVEN 2011

**NEWS AND NOTES** - With 4:51 left in the 1H Florida St not only led 28-0, they had a 214-16 yd edge and BC had 0 FD. BC got a TD early 3Q then gave up a 47 yd FG and Florida St was then SOD at the BC5 but after an int, FSU drove 36/6pl for a TD with 10:16 left, 38-7. Luke Kuechly had 20 tkls and BC clinched their first losing season since 1998 and was eliminated from bowl contention...There have been some fine QB's at USC but Matt Barkley set a school record with 6 TD passes with 3 other USC QB's at one time having 5. Colorado did have a couple of blown opportunities as they had 31 and 37 yd FG's blk'd and settled for a 30 yd FG after a 1st & gl at the 8. It was 35-17 with 11:19 left when USC drove 66/9pl incl a 4&3 conversion to the CU31 and they got a 19 yd TD pass with 7:06 left for Barkley's 6th TD. USC's final drive did go 71/8pl and the game ended at the CU16...Scott McCummings who has been used mainly as a running QB for Connecticut took over in the 4Q and his option-style change of pace running guided to the 7 pt win over Syracuse. CT amazingly turned the ball over 5 times in the 1H getting inside the SU32 on the first 5 drives but it was just 7-7 at the half due to the TO's. The Orange were forced to stay in a hotel an hour away from the stadium due to a power outage in East Hartford...Marcus Coker ran for 132 yds vs Michigan and Iowa led as much as 24-9 but had to survive at the end. UM got a TD with 7:53 left to pull within 24-16 and Iowa punted 2x, the latter with 2:15 left. UM got to a 1st & gl at the 3, but a pass caught in the back of the EZ was ruled OOB then on 4&3 the pass was broken up on the final play of the game...One week after a solid game vs Wisconsin, Braxton Miller hit just 5-11-55. He had a scintillating 81 yd QB draw for a TD on 2&12 which put Ohio St up 10-7. With the game tied at 20, they faced a 3rd & gl at the 20 and Miller's 20 yd TD run on a QB draw gave them the lead, 27-20. Indiana was int'd with 4:07 left and OSU drove 58/4pl for a TD with 2:41 left to finally get some breathing room, 34-20. IU actually took the game's opening drive 42/11pl for a 35 yd FG then after a fumble drove 41/6pl for a 10-0 lead...Texas frosh Joe Bergeron ran for 195 yds and 3 TD's. UT ran for 439 yds vs Texas Tech. UT's top rusher, Malcolm Brown, was sidelined with a toe injury and top WR Jaxon Shipley had a knee injury. UT led 31-6 at the half and 52-13 when TT went 74/12pl for a garbage TD with 1:01 left...Florida led Vanderbilt 17-0 at the half and could have been up by more as they had a 277-119 yd edge. A key play happened on their first series when on 3&1 they got a 39 yd pass which appeared to be for a TD but fmb'l'd for a TB. They also missed a FG. Jordan Rodgers came to life in the 2H and hit 19-28-297 on the day. VU got a TD with 10:54 left to pull within 20-14 but UF took over with 5:59 left and went 94/8pl for a TD with 2:13 left and missed the 2 pt conv, 26-14. VU went 80/5pl and got a TD with 1:16 left but UF rec'd the onside kick...Virginia became bowl eligible for the first time since 2007 and dominated Maryland with a 527-353 yd edge. MD suffered their 5th straight loss. It was the Terps' FHG and 16 seniors were honored. UVA ref'd the opening KO 48 yds and on the first play got a 47 yd TD run but only led 14-13 at the half. UVA drove 94/13pl for a TD then after an int went 66/7pl for a TD and after a punt went 69/7pl for a FG and a commanding 31-13 lead at the start of the 4Q and rolled...NC State came in ranked in the bottom half of the ACC in defensive stats but held Giovanni Bernard to 47 yards on 18 carries and knocked Tar Heel QB Bryn Renner out of the game at the end of the 3Q. It was NCSU's first shutout in over 5 decades vs their rival and the 1st time NCSU had won 5 straight over UNC since 1988-92. The win came after HC's O'Brien and Withers traded verbal jabs about graduation rates and the NCAA investigation of UNC during the week. NCSU had a 290-165 yd edge. At the half NCSU finished with a 230-32 yd edge and UNC was int'd at the NCSU goal line to open the 3Q and in their only other shots in the 2H they were SOD at the NCSU23 and int'd at the UNC42... Georgia was without 3 susp'd RB's and Aaron Murray only played the 1H but UGA jumped out to a 49-3 HT lead and rolled to a 63-16 win. Later, after South Carolina lost to Arkansas, UGA found out it controls its own destiny to get to the SEC Title Game...Louisville was overlooked in the Big 12 expansion for West Virginia and dealt WV's Big East Title hopes a setback. WV had a 533-351 yd edge but UL also led the game 31-21. The key play happened at 24-21 when WV lined up for a 23 yd FG. UL blk'd it and ret'd it 82 yds for a TD for a 31-21 lead. UL extended it to 38-28 with 1:50 left but WV got a TD with :42 left but UL rec'd the onside kick. Teddy Bridgewater hit 21-27-246 yds and WV went scoreless in the 3Q for the first time all season...The two teams who might be playing in the Big Ten Title game (Michigan St and Ohio St) both struggled vs overmatched foes and the weakest 2 teams in the B10. MSU was off their crushing loss to Nebraska but actually regained the top spot in the division as both Michigan and Nebraska lost. They actually trailed 14-7 and got a TD with :04 left in the half to lead 21-17. Minny went back ahead 24-21 and MSU tied it with 14:49 left and then got a 35 yd Bell TD run with 10:58 left for the lead. UM's last 2 drives ended on an SOD on 4&10 at the MSU48 with 4:12 left and they got to the MSU45 and were int'd at the 23 with :09 left. UM had a 415-402 yd edge...TCU won their Mt West record 21st straight league game and tied the league record with consecutive road wins with 11. TCU finished with a 617-353 yd edge and had to overcome 5 TO's and trailed 20-17 late 3Q when they drove 80/10pl for a TD and the lead. TCU got a 74 yd James run to the 8 to set up another TD with 13:20 left, 31-20. TCU fumbled' at the WY7 and surprisingly on 4&14 with 2:01 left in the game, down by 11 pts, WY opted to punt and it went 40 yds and TCU ran the clock out...At the half SMU had a 31-0 lead and 296-61 yd edge and was dominant. The Mustangs fumbled the opening snap of the 3Q and Tulane ret'd it for a TD. After another 18 yd punt drove 20 yds for a 43 yd FG and after an 18 yd punt went 47/7pl for a TD to get back to 31-17. Trailing 38-24 they were SOD at the SMU26 and SMU got a TD with 1:39 left for the 21 pt margin...Navy earned their biggest halftime lead since 2006 with a 385-109 yd edge vs Troy and led the game 35-0. QB Kriss Proctor was doubtful coming in but did start and played most of the game...Montee Ball rushed for a career high 232 yds with 3 TD's for Wisconsin. Purdue's Raheem Mostert had 5 KR's for 206 yds keeping PU in the game early but UW had 605-285 yd and 30-14 FD edges. The Badgers had 425 yds at the half and led 38-17...In the 1H vs Air Force, Army had a 286-81 yd HT edge but only led 14-0. They were SOD on 4&1 and fmb'l'd into the EZ for a TB and could have easily been up 28-0. AF rallied to tie it at 14 then the key play happened when Army faked a punt on 14:46 and they snapped it to the upman who pitched it back to Allen who never got a handle on the pitch and AF rec'd at the Army14 and got a TD 4pl later to lead 21-14 and never trailed again. Army fumbled at their own 19 setting up an AF FG and was int'd with 3:53 left. Army finished with a 366-301 yd edge...Zach Maynard was almost benched during the week but hit 10-17-118 and Cal dominated Washington St as at the half they had a 243-55 yd edge and led 23-0 and extended it to 30-0 when WSU rec'd a fumble and drove 17 yds for a TD with 13:38 left...The wind was a big factor for Oklahoma as they were playing with legitimate revenge vs A&M and off their first home loss in 39 games. OU appeared in control at 13-3 when A&M got a 79 yd pass on 3&9 with 1:39 left in the half which gave them the yardage edge at the half, 208-180 and pulled them within 13-10. OU had the wind at their backs in the 3Q and took advantage driving 31 yds (after 34 yd punt), 28 yds (after int), 69 yds and 34 yds (after int) for TD's and a dominating 41-10 lead. A&M got a couple of late TD's, one with 9:49 left then drove 95/9pl for a garbage TD with 2:37 left to make the final score respectable. The key news for OU is that the FBS's #1 all-time recr, Ryan Broyles, tore his ACL and is out for the year and remember last week, OU lost its top rusher RB Whaley...Tennessee had just taken on 4 top 10 D's but last week took on our #11 rated D in Middle Tenn and rolled up 411 yards in their 24-0 win. Each team was SOD inside the other's 20 twice in the game incl Tenn with 1:26 left on 4&5 at the MT 19...Houston moved to 9-0 for the first time ever after having been 8-0 in 1979 and 1990. Case Keenum became the career leading passer in college football passing up Timmy Chang's 17,072. It happened with 6:00 left in the 3Q on a 16 yd pass to Justin Johnson. UH only led 21-10 at the half and was up 42-13 when they got a 52 yd IR TD with 8:06 left and bkp QB Turner guided a drive with 5:00 left and UH ended at the UAB35 running out the clock...Tough loss for USF vs Rutgers. In the 1H they had a 158-87 yd edge and led 10-0. USF fmb'l'd the punt at their 12 setting up an RU FG. USF went on a 16 play drive but missed a 47 yd FG. USF appeared to ice it with a TD with 7:38 left which put them up 17-3 but RU got a 98 yd KR TD with 7:25 left. Two poss later RU converted on 4&9 with an 11 yd pass to the USF45 and would get a TD with 1:01 left to tie it. USF's final drive got to the 10 yd line where they lined up for the game winning 27 yd FG but missed it. In OT USF was int'd and RU got a 37 yd FG...Missouri was SOD twice deep in Baylor terr and led 14-13 at the half but trailed 42-25 after an 80 yd run by Ganaway. MO drove 80/11pl for a TD with 3:55 left and 87/7pl for a TD with 1:59 left but BU rec'd the onside kick and finished with a 697-578 yd edge which was much wider prior to those final 2 drives...Arkansas had a frustrating 1H vs South Carolina. They had a dominating 253-43 yd edge but settled for FG's of 44, 45 and 29 yds and missed 2 of them. Also, QB Wilson was trying to throw the ball away and threw it right to DT Taylor who ret'd it 48 yds for a TD. Also at the end of the half, Ark on 3&10 had a wide open TD pass dropped and settled for the FG and missed it. SC got as close as 24-21 and 30-28 (10:30 4Q) but the Hogs pulled out to 44-28 lead. In the 2H was SOD on 4&gl at the 2 and on 4&1 at the SC29 and finished with a 435-207 yd edge...Basically in Utah games, whoever has the TO advantage usually wins and wins big. Arizona had a 457-332 yd edge but Utah had a 3-0 TO edge and won by 13. At half Utah led 20-7 despite UA having a 212-191 yd edge. On top of the 3-0 TO edge, Utah also blk'd 2 punts so it was like having 5 TO's. The most crucial TO happened at 27-14 when UA had a 1st & gl at the 2, were int'd in the EZ and ret'd 57 yds.

**LETDOWNS AFTER BIG WINS** - Texas Tech upset Oklahoma and the next week suffered a huge upset to Iowa St. ISU off their upset win, almost lost to Kansas. KU led 7-3 but had a 49 yd FG blk'd and then missed a 46 yd FG and then fmb'd at the ISU 14 all in the 1H. It was an almost identical situation to the previous year where KU had the yardage edge and should have had a significant 1H lead. This time they had a 178-169 yd edge and actually trailed 10-7. KU went for it on 4&1 at the 6 and got a FD to the 4 but then surprisingly opted for a 19 yd FG on 4&gl at the 1 to tie it at 10. KU punted with 11:46 and 9:12 left and ISU went on a 63/12pl drive for a 42 yd FG with 4:30 left. KU opted to punt on 4&11 with 2:37 left and ISU got 2 FD's and escaped...Nebraska was off their big win over Michigan St and was a huge HF. At the half Northwestern led 7-3 but Nebraska had a 181-160 yd edge as they fmb'd at the N'wstrn6. NW had leads of 14-3 and 21-10 and Neb got within 21-18 with 8:55 left but NW went 66/13pl for a 1yd TD run with 1:34 left to put it away. Neb got a TD with :18 left for the final score which helped them finish with a 468-411 yd edge.

**FRONTDOOR COVERS** - Miami scored on all four 1H poss and had a 300-106 yd edge but Duke, trailing 35-14 was SOD at the UM14, int'd at their own 27 and UM drove 27/2pl for a TD and then Duke fumbled at their own 21 and UM drove 21/4pl for a 6 yd TD run with 5:23 left to put the game Over the total... Stanford has played by the same MO for most of the year. It was close in the 3Q vs Oregon St. In fact, there were a couple of key plays. Late in the 1H SU had a 4 yd pass which was fumbled and ret'd for a TD but a personal foul call on a hit to the WR wiped it out. Later, OSU on 3&11 got a 31 yd screen pass deep int'd in SU terr but a holding call wiped it out. At the time they trailed just 17-13. SU got a 27 yd TD pass with 2:40 left in the quarter then after rec'ing a fmb'l went 24/3pl for a TD then got ahead of the spread with a 95/13pl drive for an 8 yd TD run with 6:07 left. OSU got to the SU22 with 4:42 left. SU did finish with a 507-285 yd edge despite playing in a huge situational disadvantage coming off a triple OT win vs USC with Oregon on deck...Idaho scored a TD with 9:57 left to pull within 22-17 of San Jose then got a TD and 2pt with 3:59 left, 25-22. On what appeared to be the frontdoor push on the total Idaho got the ball back and on 3&5 ripped off a 70 yd run to the 10. SJ used their last time-out but thanks to the long run ID was able to tuck in a TD with 1:49 left and then SJS went 76/3pl getting a 47 yd TD pass with 1:08 left and had ID got just gotten a FD they likely would have run out the clock to finish with a 47 pt final.

## THE MOST UNIQUE POWER RATINGS IN THE COUNTRY

These Power Play Forecasts are the most unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

**Strength of Opponent:** Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and **dropped 12 spots** in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings. Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run **you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have!** The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

**Garbage yards:** These are yards that a team gains or allows in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its fourth string defense. These yards are **counted** into national ratings, **but not in Northcoast Sports' Power Ratings!**

**Weather:** If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

**Injuries:** When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game. His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense **MOVED UP 14 NOTCHES**. In Phil's Power Ratings they **stayed the same**, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

**Home Field Edges:** The weekly projection of yards and points is weighted with the home field factored in.

**Successful Unbalanced Attacks:** In 1989, Ohio St was held to 127 yards passing vs Northwestern. This dropped OSU in the national passing offense ratings & **RAISED** the Wildcats in the pass defense ratings. In our ratings the two units **remained** rated the same. Why? OSU rushed for 456 yards & **DID NOT HAVE TO PASS** & when they did they hit 9 of 11 passes, which is VERY effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, **THESE RATINGS REFLECT** the true strength of each unit and allow them to have the **most accurate forecast of yards gained and points allowed in the country!** No other rating system takes into account all the previous factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

# NORTHCOAST SPORTS PLUS OR MINUS POWER RATINGS

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and **they differ from what we have shown in recent years**, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

# 2011 COLLEGE POWER PLAYS RANKINGS

Listed below are Northcoast Sports' Power Play Rankings. These Power Play Rankings are unique. Our rankings are unlike any computer ranking, as we take into account all the following: Strength of Opponents, Individual Units (Rushing Offense, Rushing Defense, Passing Offense, and Passing Defense) Garbage Yards, Weather, Injuries, Home Field Edges, and successful Unbalanced Attacks. Regular rankings based solely on numbers DO NOT take into account these factors.

RUSH OFFENSE	PASS OFFENSE	SCORING OFFENSE	RUSH DEFENSE	PASS DEFENSE	SCORING DEFENSE

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game.

### 2★ COLTS 26 (+) JAGUARS 23

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>BUFFALO</b>	110	203	22	2.0	#15
<b>DALLAS</b>	144	283	24	2.1	#12

(BUF #16 vs DAL #26, DAL #9 vs BUF #17) - Gailey gets a shot vs DAL who he coached in 1998-99. The Bills were punched in the mouth by the Jets LW who's defense is set up to counter the spread systems which NE/IND/HOU/NO run. DAL is starting to get nicked up by injuries right now (WR Austin, ILB Lee) but they still have big talent edges on both sides here. PP gives DAL a healthy 114 yd edge but thinks BUF can keep it within the number vs a coach that is 2-5-1 ATS as a favorite so No Play.

### NO PLAY: COWBOYS 24 BILLS 22

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>HOUSTON</b>	180	225	24	1.1	#14
<b>TAMPA BAY</b>	108	150	14	1.5	#5

(HOU #8 vs TB #32, TB #20 vs HOU #1) - This is a flat spot for HOU who are 3 games above .500 for the 1st time off 2 Div wins & a 30-12 thumping of CLE as a 3.5★ LPS LW w/a bye on deck. TB is a poor HD (3-12 ATS) that lost its DT McCoy (torn bicep) again LW with the #32 defense. PP gives HOU the 3rd largest yardage edge of the week (+148) with a manageable line but the situation isn't ideal which keeps it from being a stronger side. Total is appealing with TB in 3 straight Unders & HOU being an under team (3-6 O/U 11 ppg allowed L3W) wrapped in an overs clothing.

### 3★ TEXANS 24 BUCS 14 • 3★ TEXANS/BUCS: UNDER

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>TENNESSEE</b>	105	208	21	0.9	#19
<b>CAROLINA</b>	170	283	26	1.3	#32

(TEN #29 vs CAR #23, CAR #7 vs TEN #31) - TEN is off a misleading final LW as while they lost by a TD they only had 6 FD and 95 yds in the 2H vs CIN at home. TEN has been outgained by 80 ypg on the road TY (26th) & take on a CAR offense that has shown lots of big play ability TY. PP gives CAR a 140 yd edge here but we aren't sold on such a young team with the new practice rules coming off a bye. We'll make this a No Play for now & revisit it later in the week.

### NO PLAY: PANTHERS 26 TITANS 21

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>WASHINGTON</b>	66	210	6	3.3	#16
<b>MIAM</b>	119	218	19	1.6	#7

(WAS #27 vs MIA #13, MIA #25 vs WAS #27) - MIA finally got into the win column LW vs KC & have actually played good ball since the bye week minus their 4th Qtr issues. WAS has been held to under 20 pts in 5 of their L6 games & the defense has given up 161 ypg rush (4.6) the L4W. MIA has struggled to play up to their talent level TY while WAS lack of depth means they don't have much talent taking the field right now. MIA's poor record at home (5-19 ATS) has us passing on the side but the total is quite attractive here.

### NO PLAY: DOLPHINS 19 REDSKINS 6 • 4★ DOLPHINS/REDSKINS: UNDER

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>NEW ORLEANS</b>	107	190	22	1.7	#8
<b>ATLANTA</b>	136	218	25	1.4	#22

(NO #2 vs ATL #7, ATL #21 vs NO #14) - This is a big game here with ATL a game down in the NFC South & DET in the front seat for 1 of the Wildcard spots. ATL only has 1 quality win (DET) while NO has beaten CHI & HOU while staring GB down who throttled ATL again TY. PP calls for ATL to win SU by a FG in an even game in terms of yards & without knowing RB Ingram/CB Porter status here this is a No Play.

### NO PLAY: FALCONS 25 SAINTS 22

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>DETROIT</b>	95	205	21	1.0	#26
<b>CHICAGO</b>	160	180	20	1.4	#2

(DET #19 vs CHI #25, CHI #11 vs DET #11) - DET comes off the bye week with a chance to put CHI away in tiebreakers for a Wildcard spot. The Bears are off LW's MNF game vs PHI off their bye & those results are not factored in. With no line here & not knowing if RB Best (concussion) is back this is a No Play.

### NO PLAY: LIONS 21 BEARS 20

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>ST LOUIS</b>	146	95	12	1.3	#30
<b>CLEVELAND</b>	132	141	17	1.0	#25

(STL #15 vs CLE #6, CLE #31 vs STL #15) - CLE has played a much softer sked than STL which accounts for the Browns projected win here. The Browns could have the least talented offense in the NFL & their only cover TY was vs the Colts at home. STL outplayed ARZ LW but 2 special teams errors cost them the win in Bradford's return. STL knows they have a franchise QB, RB & a strong #1 WR with Lloyd. CLE possibly has a good QB, 2 practice squad RB's & with a converted RB & KR starting here. This is a No Play on the side & a small play on the total.

### NO PLAY: BROWNS 17 RAMS 12 • 1★ BROWNS/RAMS: UNDER

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>ARIZONA</b>	75	208	17	2.0	#6
<b>PHILADELPHIA</b>	190	315	33	2.1	#29

(ARZ #30 vs PHI #12, PHI #1 vs ARZ #28) - ARZ is 4-11 ATS on the road & while Kolb may get the start vs his former team he's working w/a beat up RB & an OL that has given up 27 sks TY (29th). PHI is a top 5 team talent wise in playoff mode that w/a top 10 rankings in everything except special teams & rush defense (17th) TY. PP gives PHI a huge 223 yd edge here (#1 TW) & win or lose on MNF the Eagles are the play here.

### 4★ EAGLES 33 CARDINALS 17

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>BALTIMORE</b>	107	245	25	1.4	#20
<b>SEATTLE</b>	82	210	12	2.7	#28

(BAL #22 vs SEA #19, SEA #17 vs BAL #2) - BAL took a major step towards winning the AFC North by sweeping PIT on SNF LW. They played like a dominant playoff team & Flacco started to come out his shell with 300 yds passing. BAL has also been a team that plays down to the level of their foes TY (TEN, JAX, ARZ) & now on a short week have a long flight. Carrol admitted LW that 2011 is a transition year for a strong future & the team would just have to play thru its issues. PP gives BAL a 13 pt margin but just 61 yds margin & the situation isn't in their favor here.

### NO PLAY: RAVENS 25 SEAHAWKS 12

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>NY GIANTS</b>	66	268	18	2.1	#3
<b>SAN FRANCISCO</b>	158	215	26	2.1	#1

(NYJ #24 vs SF #5, SF #14 vs NYJ #10) - SF is running away with the NFC West & the only real question is what seed will they snag barring injuries. They are winning the way PIT did w/ Roethlisberger, BAL did with Flacco, ATL did with Ryan in their rookie seasons: defense, run game & no mistakes. The Giants are off a huge win vs NE & the sked only gets tougher with PHI/NO/GB & DAL on deck. PP calls for the 49ers to keep their momentum but we think they'll have a tough time w/ the Giants physical defense & Manning is only the 2nd elite QB (Vick the other) they've faced TY.

### NO PLAY: 49ERS 26 GIANTS 18

<b>NEW ENGLAND</b>	120	178	16	2.0	#24
<b>NY JETS</b>	138	220	23	1.7	#3

(NE #10 vs NYJ #10, NYJ #24 vs NE #16) - This is only the 2nd time since 2006 NE has lost B2B games & Brady out & out challenged his team for the 2nd half of the season. The Jets manhandled the Bills LW & they built their #8 defense specifically for NE. Who know the AFC East would have a 3 way tie for 1st at this point in the year??? **Get this play on the Northcoast Debit Card System for only \$9 after 11:00 am ET on Sunday. (MIN #13 vs GB #29, GB #5 vs MIN #24) - This is the Vikings playoff game & nothing would be better for them than to end the Packers push for perfection on MNF. Rodgers has been toying with teams TY & has a QBR of 129.1 right now & Brady's was 117.2 in the Patriots 16-0 season. **We are offering a MONEY BACK PLUS Guarantee on MNM through the Northcoast Debit Card System - take advantage on Monday night after 3:00 pm ET!
