NEWS AND NOTES - WEEK FOUR 2011

NEWS AND NOTES - It was a strange game between Iowa St and Connecticut on Friday night. After the first 9 poss of the game, Conn had a 131-(-7) yd edge. ISU QB Steele Jantz's first 4 passes resulted in 0-4 with 3 int, but the problem with UC was that they didn't take advantage of the opportunities. They were int'd at the ISU40 and then K Teggart who had hit 13 straight FG's, missed a 41 yarder and with 12:58 left in the 2Q, missed a 43 yarder. ISU got a key play when on 3&19, a jump ball which was caught by Reynolds for a 48 yd pass and ISU would continue on for a TD. QB Jantz was int'd at the end of the half and looked doubtful to return but played the entire 2H. UC led 10-7 at the half, but ISU ran a double reverse pass for a 40 yd TD to make it 14-10. UC went ahead with 12:51 left, 20-17 but ISU answered with a TD with 9:08 left. UC punted with 6:57 left, was SOD on 4&2 at the ISU38 with 1:48 left then from the ISU44 their Hail Mary was knocked down on the last play...Boise St's Kellen Moore must be considered one of the Heisman frontrunners. He had an impressive Friday night outing at Toledo, the same team that took Ohio St to the wire the previous week. Moore hit 32-42-455 yds as BSU rolled up 32 FD's in their 40-15 win. Both teams blew opportunities late with UT fmb'l'g at the BSU9, BSU going on a 62/12pl drive and being SOD at the UT29 but BSU passed yet another test and will be a double digit favorite in the rest of their games...Purdue was coming off a loss to Rice where Rice blocked a FG at the end of the game and PU took out their frustration on SE Missouri. PU actually fmb'l'd on its 2nd poss and settled for a 19 yard FG on its 3rd but their next 5 poss all went for TD's and Robert Marve saw his first action since coming back from an ACL and QB'd 2 series with the team scoring on both poss as he hit 7-8-91. PU had a 38-0 lead at the half with a 396-57 yd edge. In the 2H PU only had 3 series but they were 68/8, 83/11 and 80/8pl all with TerBush back at QB all resulting in TD's in the 59-0 win...Auburn had its 17 game win streak snapped and they also had a 14 game win streak in the series vs Clemson snapped. AU actually led 21-7 with 8:54 left 2Q but CU scored 2 TD's incl one with 1:11 left to tie it at 21. CU scored a TD on a 65 yd pass on their first drive of the 3Q and never trailed again. At the end of the game, CU got a 38 yd FG with 11:48 left to lead 38-24. It appeared AU was ready for another one of its patented comebacks and got to the CU8 but they were int'd at the 5 with 9:34 left and CU went on an amazing 73/18pl drive running out the clock and taking a knee at the AU18...Georgia Tech was playing with revenge for the previous year's loss to Kansas in which they came in ranked and finished with a losing season. Their game was competitive at the half as GT only led 24-17 with a 337-246 yd edge but it turned into a record breaking day for GT. They opened the game with a school record 95 yd TD run by Orwin Smith to make it 7-0. They opened the 3Q on the first play with a 63 yd TD run by Peebles and would score TD's on their first 6 poss of the 2H to blow it open, 66-17 with 5:13 left before Kansas moved 63 yds for a TD. GT set a school record for rushing yards with 604 (previous high 558 vs VMI in 1975) and total yards with 768 (previous high 706 vs The Citadel, 1948)...Penn St had 308-197 yd and 18-13 FD edges vs Temple but missed a 45 yd FG, had a 49 yd FG blk'd and then had a 36 yd FG bounce off the goal post. PSU led 14-10 and TU did get the ball down the field with a pers foul to the PSU34 and on 4&10 was sacked and fmb'l'd and PSU just fell on it at the 41 with 1:01 left and ran out the clock...Pitt appeared to have this game locked up leading 27-10 with 12:00 left but Iowa made a miracle comeback. Pitt actually led by as much as 24-3 with 3:11 left in the 3Q. UI finished with a 475-422 yd edge. UI would go 73/7pl, 64/7pl (after Pitt was SOD on 4&3 at UI36) and 64/7pl for the last for a TD with 2:51 left to take the lead and Pitt's final poss ended on an int at the UI43...Bowling Green did finish with 28-18 FD and 514-396 yd edges, but gained 212 yards on their final 3 poss when they trailed 28-14. BG had a 6-1 TO deficit. Trailing 28-14 BG was int'd at the WY47 but WY was SOD at the BG36. BG was SOD at the WY8 with 8:11 left. BG went 67/8pl scoring a TD with 4:16 left and WY punted with 1:18 left and BG had no time-outs. They went 89/10pl getting a 10 yd TD pass with :03 left by WY blk'd the xp and held on for the upset...W Michigan had lost 5 straight to C Michigan and HC Cubit said it was like an elephant in the room, they needed to beat CM. They simply dominated. They led 24-0 at the half and opened it up to 41-7 in the 4Q. CM gained 173 yds on their final 3 poss making it a misleading final statistically as WM gained just 16 yards in that span. Those 3 drives incl a TD when trailing 41-7 in the 44-14 rout...ULM played even better than the final score vs TCU as they led 17-14 mid-2Q. TCU got a TD with 5:16 left 1H to lead 21-17 and ULM missed a 43 yd FG on the final play of the half. TCU used 2 key plays at the start of the 3Q to break it open. They got a 94 yd KR TD to open the 3Q then after a fmb'l, drove 28 yds for a TD and led 35-17. TCU's final score came when ULM was SOD on 4&12 at the 50 with 3:40 left. TCU added a 28 yd FG with :28 left. TCU only had a 23-19 FD edge...Duke vs Boston College was an interesting game. BC led 19-7 with a TD with 1:21 left in the half but Duke went 63/4pl getting a 21 yd TD pass with :30 left to get back in it, 19-14. The 2H was dominated by Duke. Duke went 73/10pl but was int'd at the BC6. Duke went 46/9pl but missed a 33 yd FG, they went 70/14pl for a TD and missed the 2 pt conv then went 51/10pl and they were SOD on 4&5 at the BC30 with 4:15 left, up by 1. BC had earlier missed an xp and took over at their 21 with 2:24 left. They had a FD at the Duke14. On 3&1 they ran into the line for no gain and lined up for the chipshot game winning FG from 23 yards out and it bounced off the upright with :43 left and Duke pulled the upset...It was a story of 2H's in the W Virginia/Maryland game. After 1 series in the 3Q where WV opened going 78/7pl for a TD, WV had a 380-176 yd edge and led 34-10. MD then went 71/11pl but was SOD on 4&gl at the 6, went 61/5pl for a TD, 44/7pl (after int) for a TD with 1:20 left in the 3Q then 66/12pl for a TD to pull within 34-31. WV had 2 FD's in that span. WV then went 65/14pl settling for a 21 yd FG with 4:42 left in the game to go up by 6. MD got to the WV35 but on 3&8 were int'd at the 13 and WV held on. WV had a 480-477 yd edge in the shootout with both teams using no huddle offenses...FIU ret'd a fmb'l 51 yds for a TD and won despite losing TY Hilton to a hamstring injury in the 1Q. UCF led 7-0 and was going in for another score in the final seconds of the half. They got to the FIU28 when on 2&16 with :16 left Godfrey was sk'd and fmb'l'd and FIU ret'd it 51 yds for a TD. Early 3Q UCF fmb'l'd a punt at its own 8 and FIU rec'd. Offsides set up FIU at the 4 and they got a TD run and totaled 4 yds offense for 2 TD's and a 14-7 lead. They did go 85/9pl for a 27 yd FG, 17-7. Late in the game UCF settled for a 31 yd FG with 1:52 left but FIU rec'd the onside kick and won despite being outgained 300-238...Arkansas St had been avg 481 ypg but VT, after allowing a 51 yd pass on ASU's first play which set up a TD 2pl later and put ASU up 7-0, allowed just 210 yards the rest of the game while VT finished with 427. Logan Thomas hit 21-33-292. VT missed a 40 yd FG and in the 2H was int'd and ret'd to the ASU42, int'd at the ASU4 and SOD at the ASU27 on their final 3 poss...Tulane was actually a 13 pt underdog to UAB and we used TU as the Big Dog POW and gave it away free on Button #8 as a Bonus Comp Line Play. The last 19 Big Dog Plays given out on the Comp Tapes have gone 12-7 with 10 outright winners and are +227 units. TU dominated. They had 28-10 FD and a 540-193 yd edges. UVA even got a 92 yd KR TD to only be down 28-7 at half with TU having a 305-122 yd edge. TU got 39 and 55 yd IR TD's the latter when they were safely up 42-10 and TU even ended the game taking over with 7:40 left driving 73/8pl and were at the UAB8 at the end...North Carolina had not won an ACC opener since winning at Wake Forest in 2000 and Virginia had a 468-401 yd edge. UVA actually had a 228-173 yd edge in the 1H but trailed 14-3 as they missed a 45 yd FG, settled for a 38 yd FG, were SOD at the NC36 and fmb'l'd at the NC37. The Tar Heels opened it to 28-10 and they fmb'l'd at the UVA5 with 13:05 left. UVA got a TD with 5:09 left to pull within 11 and then got to the NC36 and were int'd at the 14 with 2:53 to go...Dan Persa missed another game for Northwestern. Kain Colter hit 12-23-89 and Army dominated with 24-14 FD and 40:19 to 19:41 TOP edges. Army went on 18 and 10pl drives for a TD and a missed 47 yd FG. NW went 51/11pl to tie it with 5:23 left in the half but missed a 26 yd FG on the final play of the half. Army, up 14-7 went on a 14pl drive but missed a 25 yd FG and NW got a 62 yd TD pass with 6:03 left but Army went 75/9pl for a TD with 2:49 left and NW was SOD at the Army33 on their last drive...San Jose opted to sit Matt Faulkner and start Dasmen Stewart and Nevada was more impressive than the score would indicate with Stewart in the lineup. At the half NV had a 270-52 yd edge but only led 14-7 because they fmb'l'd at their own 34 and SJS got a 2pl TD "drive" and at the end of the half NV was SOD on 4&gl at the 1 with :44 left. It was 17-7 when Faulkner came off the bench. His 4 drives ended on a fmb'l at the NV38, a 10pl drive with a missed 37 yd FG, 72/9pl drive for a TD to pull SJS within 17-14 with 7:59 left and then a 69/13pl drive to the 15 where he was int'd in the EZ...Alabama was even more dominant than the final as at the half they had a 282-25 yd edge but settled for 37 and 26 yd FG's and missed a 36 yd FG and only led 20-0. Trent Richardson rushed for 167 yds on 11 carries and Eddie Lacy for 161 on 9 as Bama rolled up a 586-169 yd edge. NT did have 2 chances to avoid the shutout but had a 42 yd FG blk'd at the start of the 3Q and went for it on 4&gl from the 3 with 3:28 left and fired incomplete...USC got a big win over Syracuse, at one point leading 38-10 in the 4Q. Up 38-17, USC took over at their 17 with 5:32 left and worked it down to a 1st & gl at the 5 where they ran out the clock. Matt Barkley hit 26-39-324 yds...While Marshall turned it over six times vs Ohio, the Bobcats were pretty much dominant. The Bobcats settled for 20 and 21 yd FG's in the 1H and led 34-7 and opened it up to 44-7 early in the 4Q. Marshall gained 92 of their yards on their final 2 drives as OU reeled off 559 yards...Kansas St rolled to a 34-0 halftime lead vs Kent St. The Cats did have a 45 yd IR TD but also had drives of 95/6pl and 98/17pl. The closest the Flashes got to scoring was taking over at their 21 late 3Q and drove 76/19pl and had a 1st & gl at the 3 but were SOD after a pen at the 9 with 5:53 left...Buffalo led 7-0 after 1Q but Ball St led 21-7 at the half. Buffalo battled back but did have an extra point blocked and also had a 2 pt conversion fail. Buffalo got a TD with 6:28 left to lead 25-21 when BSU went on a 75/18pl drive. The drive included improbable conversions on 4&13 and 4&7 and their TD with :22 left allowed BSU to escape with a 28-25 win...

Nebraska started 3 walk-ons on the O-line for the first time since 1998 due to injuries. NU scored at least 40 pts in each of the first 3 games for the first time since their 1995 National Title season. While they were not dominant, they still went from a 20-7 halftime lead to a 44-17 lead. They got a TD then UW fmb'd the KO and they added another TD :09 later to go up 34-17 then added a 29 yd FG and an 86/9pl TD drive and with just 12:18 left were up by 27. UW got a pair of TD's on a 32 yd drive (after 64 yd KR) and 53 yd drive but then NU rec'd the inside kick and got ahead ATS again, 51-31 with 4:50 left. UW got a 52/1pl TD pass with 4:27 left to get back in the backdoor. NU rec'd the inside kick and got to the UW21 but was SOD. UW got 1 FD & was int'd on a deep pass at the NU23... Even though Northern Illinois HC Dave Doeren had been an asst on the Wisc staff the previous 5 years, they were outgained by the Badgers 621-237 and outFD'd 34-11. They actually made a game of it in the 1H tying it at 7 with 1:59 left in the 1Q with UW missing a 50 yd FG. UW went 51, 97 and 77 yards on their next 3 drives for TD's to lead 28-7 and NU missed a 42 yd FG with :02 left in the 1H. At the half UW only had a 298-178 yd edge but went 77 and 79 yd for TD's to opened the 3Q and didn't punt until the last play of the 3Q up 42-7. UW was int'd at the 12 and then added a TD with 3:34 left in the 49-7 win...Teddy Bridgewater had been unimpressive so far for Louisville at QB but was forced into the lineup when Will Stein was inj'd. Kentucky did take their first drive 58/7pl settling for a 20 yd FG then fmb'd at the UL23. Stein hit a 38 yd TD pass to give UL a 7-3 lead. Bridgewater's first series was a 49/6pl drive with his 25 yd TD pass putting UL up 14-3. UK got an 80/9pl TD drive to pull within 14-10 at the half. Bridgewater led a 69/12pl drive for a 20 yd FG to open the 3Q and later a 46/7pl drive for a 25 yd TD pass for a 24-10 lead with 11:15 left. UK went 77/17pl getting a TD with 4:56 left to pull within 7. After a K/C interference pen UK started at the UL48 with 2:27 left. They had a FD at the 22 but on 4&6 fired incomplete with :51 left...Navy's option almost got the upset of South Carolina. Navy had leads of 7-0, 14-7 and 21-17. SC took the lead with 12:45 left on a 79/16pl drive. Navy's last drive converted on 4&15 but on 4&7 they were int'd at the SC45 with 13:33 left and SC got 1 FD & took a knee. Spurrier rode Marcus Lattimore 37 times for a career high 246 yards... Chris Rainey had a huge game for Florida with 233 total yards including an 82 yd TD rec and also blocked a punt. Surprisingly Tenn had a 23-17 FD edge and UF only had a 347-279 yd edge but the Gators did lead this one 30-7. UT missed a 37 yd FG on the first pass then had a punt blk'd on the 2nd setting up a UF FG. UF led 16-7 at the half but only with a 167-134 yd edge. UT was int'd on the first play of the 3Q and UF converted on 4&1 for a TD capping a 42 yd drive then UF got an 83 yd TD pass by Rainey to lead 30-7. UT settled for a 20 yd FG to pull within 30-16 with 13:13 left and made it 33-23 with a TD with 4:46 left but their final drive ended on an int at the UF17.

FRONTDOOR COVERS - Colorado St opened with an 80/9pl drive for a TD and led 7-0. It was 7-0 when Colorado took over with 7:55 left 1H and went 75/9pl for a TD. CU took over with 2:16 left in the half and converted on 3&18 with a crucial run then on 3&10, got a 24 yd TD pass with :12 left in the half to make it 14-7. The game was 21-14 when CU took over with 11:25 left and they went 85/16pl and got a 2 yd Hansen TD run with 1:15 left to get ahead ATS. CSU was SOD on 4&4 from the CU42 when they were sacked for a 9 yd loss.

MISLEADING FINALS - Washington St led 17-14 at the half with a 260-221 yd edge. WSU appeared in complete control of the game as they got a 76 yd TD pass in the 3Q to lead 24-14 and then forced the Aztecs to go 3 & out. The game turned on a roughing of the P penalty which gave the Aztecs a FD and 3pl later SDSSt got a TD to pull within 24-21. SDSSt didn't take the lead until 10:31 was left on a TD to go up 28-24 and then WSU was at the Aztec25 when Lobbstaedel had the ball slip out of his hands on a sack which SDSSt rec'd at the 36. After a WSU offside, Hillman ran 59 yds for a TD and stunningly it was 35-24. WSU was int'd at the SDSSt13 and with 3:59 left was int'd and ret'd all the way to their 20. On 3&11 the Aztecs got a 21 yd TD pass and it looked like an easy win but that was misleading...Turnovers were clearly the key in the BYU/Utah game. On the 3rd play of the game, a bad snap went over Cougar QB Heaps' head and he tried to pick it up and throw it incomplete but the ball slipped out of his hands and Utah fell on it for a TD. BYU fmb'd on their next drive at midfield. BYU's next drive went 74/8pl. They had a 1st & gl at the 6 but Di Luigi fmb'd at the 3. BYU went 37/6pl and settled for a 45 yd FG and at this point had a 130-48 yd edge but trailed 7-3. BYU went 66/4pl for a TD in the 2Q to lead 10-7. Utah would get a 30 yd TD pass with :32 left in the half to lead 14-10 but BYU had a 227-187 yd edge. The Cougars would have 7 TO's in the game. Four times on 3&long Utah had a pass interference give them a FD and that happened at the start of the 3Q. Three plays later Utah got a TD on a 59 yd pass, 21-10. After a 29 yd PR Utah had a 19 yd "drive" for a 39 yd FG to go up 24-10. BYU fmb'd the KO on their own 3 setting up another Utah TD. Two pass later BYU was sk'd & fmb'd on their 6. Utah got a 20 yd FG. BYU was SOD after a 60/12pl drive at the Utah 18 and a beleaguered BYU D gave up a 62 yd TD run. After a 20 yd IR set up Utah at the BYU35, White ripped off another 35 yd TD run and naturally Utah's last score came with BYU at the Utah36 when they were sk'd & fmb'd and it was ret'd 57 yds for a TD. Each team had 20 FD's.

THE MOST UNIQUE POWER RATINGS IN THE COUNTRY

These Power Play Forecasts are the most unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

Strength of Opponent: Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and **dropped 12 spots** in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings. Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run **you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have!** The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

Garbage yards: These are yards that a team gains or allows in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its fourth string defense. These yards are **counted into national ratings, but not in Northcoast Sports' Power Ratings!**

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

Injuries: When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game. His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense **MOVED UP 14 NOTCHES**. In Phil's Power Ratings they **stayed the same**, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in.

Successful Unbalanced Attacks: In 1989, Ohio St was held to 127 yards passing vs Northwestern. This dropped OSU in the national passing offense ratings & **RAISED** the Wildcats in the pass defense ratings. In our ratings the two units **remained** rated the same. Why? OSU rushed for 456 yards & **DID NOT HAVE TO PASS** & when they did they hit 9 of 11 passes, which is **VERY** effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the **TRUTH!**

There you have it. More than just numbers, **THESE RATINGS REFLECT** the true strength of each unit and allow them to have the **most accurate forecast of yards gained and points allowed in the country!** No other rating system takes into account all the previous factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

NORTHCOAST SPORTS PLUS OR MINUS POWER RATINGS

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and **they differ from what we have shown in recent years**, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

2011 COLLEGE POWER PLAYS RANKINGS

Listed below are Northcoast Sports' Power Play Rankings. These Power Play Rankings are unique. Our rankings are unlike any computer ranking, as we take into account all the following: Strength of Opponents, Individual Units (Rushing Offense, Rushing Defense, Passing Offense, and Passing Defense) Garbage Yards, Weather, Injuries, Home Field Edges, and successful Unbalanced Attacks. Regular rankings based solely on numbers DO NOT take into account these factors.

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game.

PRO FOOTBALL SEPTEMBER 25-26th, 2011

Just a quick note for our Power Plays Subscribers. Obviously this newsletter is based upon statistical numbers and rankings that are used to develop the projections you see here. As with all types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, one would expect the projections to be more reliable after a number of weeks worth of stats are input. The numbers here are based upon how they finished last season with adjustments made due to personnel changes. Preseason statistics are not included in any of the projections as we do not feel they would accurately adjust the numbers.

SAN FRANCISCO	80	170	22	2.3	#6
CINCINNATI	92	265	24	2.3	#16

Harbaugh's 49ers have their 1st road game after beating SEA and taking a beat up DAL team to OT LW. They've overachieved a bit as after 2 games they are -138 ypg (+4 TO's) and WR Edwards (knee) status is unknown. BUF put up 35 pts in the 2H vs OAK to rally from a 21-3 halftime deficit. NE put up 500 yds for the 2nd straight week with a fast huddle 2 TE base offense. They have won 15 straight (11-4 ATS) vs BUF who had a very favorable matchup vs KC and a good situation vs OAK. PP gives NE a 98 yd edge here and 16 pt margin. After facing 2 elite offenses the Dolphins get a sorely needed break by going on the road vs a CLE team learning the scheme on the fly. CLE only had 303 yds vs a Colts defense built for speed w/o 2 starting LB's. PP gives CLE a slight yd edge here (12 yds) but calls for MIA to win. DET is off their largest win since beating CLE in the 1957 Championship game vs a listless KC team. They are now in their 1st AF role since the start of 2008. MIN blew a 17 pt lead and while McNabb (75 yds 2H LW) is taking the heat the OL has really struggled in pass protection (1 sk every 10 pass att's). PP only gives DET a 2 yd edge here vs a desperate MIN team getting DT Williams (susp) back and this is a No Play.

Newton is the 6th QB in NFL history with B2B 400 yd games and CAR's aggressive pass attack matches up well vs JAX who is beat up in the back end. JAX may start Gabbert (52 yds 83%) after McCown (59 yds 32% 4 Int) imploded vs the Jets. PP gives a 64 yd edge with a 7 pt win and we agree but the fact its their 1st role as a Fav keeps this from being higher.

KANSAS CITY	103	158	14	2.8	#25
SAN DIEGO	101	365	36	2.0	#18

The Chiefs lack of intensity in preseason combined with key injuries has them -148 ypg (-7 TO's) after 2 games (32nd). SD is off a road loss to NE and know they have the defending AFC West Champs right where they want them. PP does too with a 206 yd edge (2nd biggest TW) but so does Vegas with the biggest line of the week keeping this from being a stronger play.

NY JETS	115	215	30	1.8	#4
OAKLAND	123	210	23	3.6	#3

The Jets thumped the Jags with an inexperienced QB at the helm in a costly victory as Ctr Mangold (high ankle sprain) isn't expected to play. OAK blew a 21-3 lead, had a game clinching 4Q Int dropped and lost a shootout LW. The Jets have a brutal sked on deck before their bye week. PP calls for even yardage here and OAK's front 7 may give the Jets OL a run for its money here.

BALTIMORE	113	200	23	2.3	#9
ST LOUIS	103	238	18	2.5	#14

The Rams are off LW's MNF game vs Spags old team and those results are not factored in. BAL looked worn out after beating PIT and taking on a TEN team that still revels in its physicality from the Fisher era. There is no line here due to MNF so this is a No Play.

NO PLAY: RAVENS 23 RAMS 18

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
ATLANTA	118	235	27	1.7	#14
TAMPA BAY	98	263	25	2.0	#1

Freeman led his 8th career come from behind victory LW vs MIN & LT Penn noted that the entire offense is concerned with the slow starts and that will be this weeks focus. ATL is off a big home win vs their former QB on primetime but had to come back from 10 down in the 3Q. PP calls for even yardage and there is no firm line yet so this is a No Play.

ARIZONA	85	223	24	1.3	#5
SEATTLE	102	258	20	2.9	#16

SEA limps home after facing SF with the youngest OL in the NFL since the expansion Panthers and then travelling vs an angry PIT team off a big loss. ARZ's offense is in good hands with Kolb/Wells/Fitzgerald but the defense needs help. Both teams have been outgained big time (ARZ -107 ypg, SEA -124 ypg) and are at the bottom after 2 games. SEA has the situational edge here but PP leans with ARZ at the line so this is a No Play.

CHICAGO	72	273	22	2.0	#2

GB's #'s aren't quite true as McCarthy admitted prior to CAR that he didn't gameplan for the Panthers in preseason as they didn't have a feel for their schemes. CHI couldn't keep up with NO on the road LW getting outgained 382-246 with Cutler beaten up again (6 sks) and RT Carimi may miss. CHI has a huge special teams edge here with a small yard edge (+33) but PP leans with GB who we agree with making it a small play.

PITTSBURGH	110	225	27	1.7	#6

IND is 0-2 for the 1st time since Manning's rookie season and with a 1st place sked on deck are in for a long year. This isn't an automatic win for PIT coming off their get right win vs SEA as they have a road game vs HOU on deck and the line will only climb this week. PP has it right at the current line so No Play. Get this play on the Northcoast Debit Card System for only \$9 after 11:00 am ET on Sunday. Despite dominating statistically vs ARZ LW the Redskins had a tough time putting the Cardinals away w/ 2 Ints on their 1st 2 drives. DAL snared an OT win vs SF LW but paid a heavy price with Romo, WR Austin and RB Jones all getting hurt. We need to see DAL full injury report this week before making a call so this is a No Play. We are offering a MONEY BACK PLUS Guarantee on MNM through the Northcoast Debit Card System - take advantage on Monday night after 3:00 pm ET!
