NEWS AND NOTES - WEEK THREE 2011

NEWS AND NOTES - Arizona had a young O-line making its first road trip and was also without top WR Jevon Criner. Oklahoma St dominated going 88/9pl, 80/12pl and 70/10pl on their first 3 poss for a 21-0 lead while UA had 2 FD's on their first 3 poss. OSU led 21-0 at the half and was never threatened. QB Brandon Weeden hit 22 of his first 23 passes and finished 42-53-397...FIU got their first ever win against a BCS foe and did it with 3 big plays. For the game Louisville had a 24-9 FD edge but UL's first drive was 10pl but not only ended on an int, Winston Fraser ret'd it 71 yds for a TD. FIU got a short pass to TY Hilton who took it 74 yds for a TD then Hilton split the DB's and got behind them for an 83 yd TD pass and FIU stunningly led 21-3. UL did blow a couple of opportunities in the game. Trailing 24-10 they were SOD on 4&1 at the FIU12, SOD on 4&13 at the FIU36 and then scored a TD with 1:49 left to pull within 24-17 but FIU rec'd the onside kick. Hilton set a school record with 201 yds receiving...It was an interesting Friday nighter for Missouri and Arizona St. Each team settled for a some FG's after long drives and MO led 16-10 at the half thanks to a blk'd xp. ASU scored TD's on 89/10pl and 60/7pl drives and led 30-16 with 14:23 left in the game. The Devils then forced a punt on 4&18 but fmbld the punt then pass interference on 3&15 gave MO a FD and MO got a 25 yd TD pass on the next play. On MO's next drive they converted on 3&14 and later on 4&gl from the 3 to tie it with 2:50 left. MO did miss a 48 yd FG with :12 left and ASU won it on a TD in OT...Oregon St came in as a banged up team vs Wisconsin and was only outgained 397-284 but didn't do themselves any favors. They had a -4 yd punt in the 1Q setting up the Badgers first TD, a 3&13, 17 yd pass 3pl later. An OSU PF pen on the punt gave UW the ball at their own 49 and Wilson hit a 10 yd TD pass on 3&5. The Badgers added a TD with :27 left in the half to lead 21-0. Once again OSU benched QB Katz early and Mannion took almost all of the snaps. OSU fmbld at the UW13 and was SOD at the UW17 on 2 of their last 3 drives...It's not very often that a team has 1 FD for an entire game. In fact the last time Michigan St held an opponent to just 1 FD was back in 1944 vs Maryland. MSU scored a TD or a FG or missed a FG on their first 8 drives then got a 39 yd FR TD to lead FAU 44-0 with 8:22 left and finally punted for the first time with 3:36 left in the game. They had a 434-48 yd edge...Army did have a 446-292 yd edge vs SDSSt but were -3 in TO's. Army fmbld at the SDSSt42, fmbld at their own 26 and trailed 14-0 but it was 14-14 at the half with Army having a 245-130 yd edge. Army was SOD at the SDSSt48 and on their final drive, down by 3, were on the fringe of FG range on 3&19 from the 34 when they took a 6 yd sack and had to go for it on 4&25 and fired incomplete...Toledo scored their first points ever vs Ohio St having lost their previous 2 vs the Buckeyes by a combined score of 87-0 in '98 and '09 as they nearly upset OSU. In fact, OSU needed a 69 yd PR with :46 left in the half to lead 21-15. In the 2H TOL had a bad snap on a 51 yd FG and on their final drive they took over with 3:08 left and got to the Buckeye15 but on 4&5 fired incomplete and came up 5 pts short. TOL had a 338-301 yd edge...Illinois had their biggest win since 1944 as they scored on 7 consec drives and rolled to a 56-3 win. They had 27-6 FD and 519-96 yd edges. SDSSt did not get their first FD until the 2Q and had just 54 yds offense at the half. Illinois FB Becker left the game in the 1H and may be out for the season. It was 42-3 when bkp QB O'Toole came in with 8:58 left in the 3Q guiding the team to a 30/4pl TD drive...Tough loss for C Michigan vs Kentucky and the key play came on a 4th down gamble. In the 1H CM went on an 81/16pl drive and settled for a 19 yd FG. Later they went 67/12pl settling for a 31 yd FG. They had a 227-93 yd edge but only led 13-6 at the half. On their 3rd 3Q pass, they went for it on 4&inches at their own 34 and were SOD. On the next play, UK got a 34 yd TD pass UK was then pinned at its own 13 when they got an 87 yd TD run to take their first lead, 20-13 and finally drove 85/13pl for a TD with 5:35 left to clinch it. CM finished with a 383-344 yd edge but lost by double digits...Alabama's D gave up 54/16pl on the opening drive of the game for a 43 yd FG and pretty much controlled the 1H with a 171-92 yd edge settling for a 22 yd FG after one 10pl drive and led 17-3. Bama got a TD by Richardson with 6:14 left as he rushed for 111 yds and 2 TD's. Penn St then went 71/14pl incl 3&10 and 3&20 conversions and got a garbage TD with 1:53 left for a big part of their 251 yds...N Carolina had a 5-0 TO deficit vs Rutgers and were actually outFD'd 19-17 but that is not indicative of the game. NC had a 286-91 yd edge in the 1H but due to the TO's, only led 17-12. They led 24-15 with 1:12 left in the 3Q when RU went on a 62/13pl drive including a 4&12 conversion getting a TD with 10:40 left. RU's last drive went 33/9pl but on 4&7 they were SOD at their own 42 and NC ended the game at the RU7...Nobody gave Auburn a chance vs Miss St after their poor performance vs Utah St but they managed to extend the NCAA's longest win streak to 17 and were highly motivated by being nearly a TD dog at home. AU led 14-0 but after MSU tied it at 14, AU gave up a 27 yd IR TD. AU still rallied and led 34-24 at the half and then got a TD with 14:03 left in the game for a commanding 41-27 lead and even forced a MSU punt with 9:43 left. MSU went 83/12pl getting a TD with 4:51 left then forced a punt with 2:52 left. MSU drove 67/11pl. On 2nd & gl from the 2 with no time-outs, they swept QB Relf and he was tkld at the half yd line...Iowa had a 10-0 lead early vs Iowa St but it was 10-10 at the half. ISU led 17-16 but UI drove 80/11pl and got a TD with 5:50 left and the 2 pt conv put them up 24-17. ISU's last drive in regulation featured a 3&16, 20 yd pass, a 3&20, 40 yd pass, a 4&1 conv and then on 3&gl got a 4 yd TD run. UI scored in the first of 3OT's with a TD and ISU faced a 4&gl at the 4 and got a TD to keep the game going. In the 3rd OT UI got a FG and ISU a TD for the win. ISU had not scored a meaningful TD vs UI since 2006...E Carolina QB Davis had 260 yds and 4 TD's vs South Carolina but finished with just 127 yards passing, an int and was sk'd 5 times. Virginia Tech did have 20-11 FD and 332-112 yd edges but blew a couple of opportunities and actually needed a TD with 7:30 left to take their first lead of the game in their 17-10 win. VT got a 38 yd drive for a TD after a 30 yd punt, on 1st & gl from the 6 were int'd in the EZ and after having a FD at the EC14 settled for a 39 yd FG at the end of the half. VT's winning drive was 89/13pl for the TD with 7:30 left and EC's last 2 poss ended on a punt with 5:33 left from their own 26 and on 4&18 they fired incomplete from their own 43 and VT took a knee...Idaho QB Reader threw for 299 yards and 4 TD's and UI's D had 2 IR TD's. UI finished with 424-197 yd and 23-11 FD edges. They missed a FG and settled for a FG and only led 3-0 when N Dakota got a 79 yd PR TD to stunningly lead 7-3 (9:37 2Q). ND then got a 54/1pl TD pass 14-3 (7:33 2Q). UI went 80/15pl for a TD with 1:01 left in the half then went 71/6, 58/9, 91/11, their first 3 3Q poss to lead 31-14. They blew it open late when a 19 yd IR to the ND18 set up a 1pl 1 yd TD run by Bass then 2pl later with bkp QB Goska in for ND, the Vandals got a 37 yd IR TD with 4:41 left for the 44-14 final....Tulsa/Tulane was a 3-3 game with 4:08 left in the half. TLN was in the TLS35 but on 3&15 they were int'd and TLS went 73/6pl for a TD and a 10-3 lead. TLN's first two 3Q drives ended in a missed 44 yd FG and a fmbld at the TLS23 and TLS had TD drives of 82, 77 and 67 yds to go ahead 31-3. TLN fmbld at the TLS39, was SOD at the TLS42 and punted on their final 3 drives...The key play to the Arkansas St/Memphis game happened early 2Q when Memphis, down 10-0, was SOD on 4&1 at the ASU29. ASU got a 71 yd TD pass on the next play to make it 16-0 and would go 82/13pl and 90/11pl for TD's on their next 2 poss to blow it open at the half. ASU scored 2 TDs and a FG on their first three 3Q poss, the 2nd 2 led by bkp QB Smith and they had a 611-169 yd edge...Ohio U had a dominant 22-9 FD and 392-124 yd edges vs Gardner-Webb. OU got scoring drives of 40 and 28 yards and also got an IR TD but also blew some scoring drives. They had a 1st & gl at the 5 but fmbld, missed a 53 yd FG, fmbld at the GW47, were int'd at the GW35, SOD at the GW15 and settled for a 24 yd FG with 4:51 left...Dan Persa sat out a 2nd straight game and Kolter hit 10-14-104 yd and rushed for 109 for Northwestern. Kolter inj'd his shoulder and only returned for a few plays later with 3rd string QB Trevor Siemian guiding 2 drives incl a 1 yd TD pass with 11:01 left and then Watkins was in for the final NW 2 drives. NW on 4&8 at the EI22 just ran the ball in the line for 3 yds with 1:27 left and EI got a 76 yd run and a 3 yd garbage TD with :07 left to make the stats closer than they really were at NW 437-341...Nothing misleading about the Wash St/UNLV final. WSU scored on their first 5 drives of the game as Marshall Lobbestael hit 24-32-361 and they then scored on their first 3 drives of the 2H with the 3rd drive being led by bkp Halliday. WSU made it 59-0 with 5:29 left and LV's only score came on a 95 yd KR TD. WSU's final drive was SOD at the LV20 and they also had a 35 yd FG blk'd...Southern Miss appeared in control vs Marshall as they were up 17-3 and had the ball with 2:00 left 1H. They only got off a 27 yd punt and MU went 41/7pl for a TD, 17-10. In the game SM turned it over SIX times and had a punt blk'd. SM fmbld at the MU27, settled for a 28 yd FG then rec'd the onside kick but as you would expect, with 1:00 left on 3&10 was tkld for a safety and MU led 26-17. SM fmbld at the MU27, settled for a 28 yd FG then rec'd the onside kick but as you would expect, with 1:00 left on 3&10 ended the game on their 6th TO, an int at the 43...New Mexico St/Minnesota looked to be a high scoring game as at the half, NMSt had a 21-14 lead and a 271-199 yd edge. They even blew a couple of scoring opportunities in the 1H as UM had a 1st & gl at the 4 but was int'd in the EZ and NMSt missed a 45 yd FG. UM missed a 38 yd FG in the 3Q but down 28-21, the Gophers had a 1st & gl at the 7 and got the game tying TD with 7:54 left to make it 28-28 but replays respo- tted the ball at the footline and on 4&gl at the footline UM was stopped. NMSt got 4 FD's and punted and UM got to the NMSi25. Coach Kil had a seizure on the sideline and the game was halted for a half hr and when they ret'd UM's 4th&10 pass fell incomplete and NMSt held on for the upset...Texas/BYU was played in 98' heat and BYU wilted in the 2H with UT having a 201-67 yd edge. UT QB Gilbert was benched and QB's Ash and McCoy alternated on every pass the rest of the game. Gilbert had a couple of costly ints and BYU jumped to a 13-0 lead. UT settled for a 23 yd FG late 1Q. In the 2H UT was SOD on 4&1 at the BYU13 and then up 17-16, had the ball at the BYU30. RB Brown broke off a run and had a shot but was tkld at the 14 of BYU and the Longhorns took a knee 2x...

cont. from Front Page Not many teams survive a defensive TO for a TD. It's extremely rare when a team wins a game having 2 def TD's go against them. Georgia pretty much controlled the S Carolina game from start to finish. In fact 3 of their first 4 drives got to the RZ but they settled for 3 FG's and actually missed a chipshot 33 yd FG and led 6-3. SC ran a fake punt on 4&7 at their own 32 and DT Ingram got a FD and the 276 lb'raced 68 yds for a TD. In the 3Q UGA appeared in control again leading 20-14 and had the ball at the SC39. RB Crowell, who hurt his ribs in the 1H was not 100% and fmbld when SC ret'd it 57 yds to the 5 basically a TO for a TD as SC got a 5 yd "drive" for a TD. SC then got a 25 yd IR TD to lead 28-20. UGA tied it and then retook the lead 35-31 but again was sk'd & fmbld and SC ret'd it for a TD. At the end, SC rec'd an inside kick and got a FD and took a knee. Basically 4 def and ST TD's vs UGA and they only lost by 3... Connecticut/Vanderbilt was a pure defensive struggle. The two teams combined for 12 sks for -72 yds, there was 2 def TD's and a blk'd punt for a TD. CT fmbld at their 42 setting up a 42/1pl TD pass for VU and VU went 80/6pl for a TD to lead 14-3 after 1Q with the 2Q producing 5 FD's combined and 7 punts and 2 TO's. After an int CT drove 6 yd for a 28 yd FG then blk'd a punt for a TD, 14-13 and got a 64 yd FR TD in the 4Q to lead 21-14. VU got a 50 yd IR TD with 6:45 left to tie then after a 48 yd run by Stacy got a 31 yd FG with 2:56 left for the lead. UConn on 4&16 fired incomplete from their own 25 with 2:09 left.

GAME UNDER THEIR BELT ADVANTAGE - Florida was impressive for a 2nd straight week. They settled for FG's on their first 2 drives. UAB had 2 of their first 3 drives getting 2 FD's and had another FD wiped out by a hold on the first drive and punted. On their 3rd drive UAB got a 38 yd TD pass after 2 FD's but it was wiped out by illegal shift and on 4&2 they were SOD. UAB had a snap go over the P's header for a safety with 2:32 left and after the extremely poor free kick UF drove 52/5pl for a TD with 1:09 left to score 9 pts in the final 2:32 and open it up 25-0. UF had a 308-95 yd edge at the half. In the 2H UAB had a FD at the UF30 and fmbld then ran a fake punt from its own 36 and was SOD setting up a UF 36/3pl TD drive. The Gators finished with 512-212 yd and 28-11 FD edges and led 39-0 after 3Q before putting the offense away in the 4Q. UF had the advantage of a game under their belts as both teams who didn't play the opening weekend were blown out... Darron Thomas matched a school record with 6 TD passes as Oregon rebounded from their LSU loss with a 69-20 win. The loss snapped Nevada's 7 gm win streak as they came out of last season 13-1 and ranked #11. Tyler Lantrip took over at QB for Kaepernick (NFL) and hit 21-35-219 yds and rushed 10x for 51 yds. UO led 55-13 after 3Q and the Ducks scored 2 TD's in the last 2:24, one after UN was SOD at their own 27 and the 2nd on a 68 yd IR TD with :20 left.

REPLACEMENTS - Mike Glennon, the man who replaced Russell Wilson at NCSU hit 24-41-315 yds but a lot of it came in the 2H with NCSU down 34-13. At the half WF had a 278-127 yd edge. With Tanner Price at QB, WF led SU by 15 when he was inj'd in Wk1. He ret'd to the lineup and hit 22-35-297 yds completing his first 8 passes. NCSU did pull within 34-27 on a 4&10, 63 yd TD pass with 5:34 left. NCSU's final drive got to the WF38 and on 4&10 they dropped what would have been a sure a FD pass.

POINTSREAD PLAYS OF THE GAME - Keith Price is replacing Jake Locker at Washington and he hit his first 8 passes hitting 18-25-315 yds. UW survived the dreaded 14 pt swing in the 2Q threatening to take a 28-7 lead on 3&8 from the 10 Price was int'd and ret'd 99 yds for a TD. In the 1H UW had a 370-192 yd edge and led 28-14. Hawaii did fmbld at the UW5 and were SOD at the UW9 in the 1H. The pointsread play of the game came after UH took over at the UW27 following a -5 yd punt and they trailed 38-26. They got a TD with 1:39 left for the apparent backdoor cover. The xp would have put them under the spread but UW blk'd the xp and ret'd it for 2 and instead of only trailing 38-33 it was an 8 pt game at 40-32. UW rec'd the inside kick...USC had a 416-319 yd edge vs Utah but a 3-1 TO deficit. The Trojans were SOD at the Utah32, int'd at the Utah15, had a FD at the Utah12 and fmbld and Utah which had been outgained 239-68 drove 84/12pl for a TD with :34 left in the half to get back in it at 10-7. USC led 17-7 when a fmbld set up Utah for a 51/1pl reverse to the 1 and a TD on the next play to make it 17-14. USC had a 47 yd FG wiped out by a false start pen and punted and the next 8 pass were punts. Utah took over at their own 33 and on the controversial final drive they had an int dropped by a LB and on 4&10 were spotted short but they reversed the spot via replay it and gave them the FD at the 38. A pass interfere pen gave Utah a FD to the 23 with :11 left and the Utes lined up for the game tying 41 yd FG. It was blk and ret'd for a TD. The officials originally wiped it off the board as the USC players came on the field while the ret was in progress and the final was announced 17-14. The P12 stepped in and said the P12 rule is that unsportsmanlike conduct penalties by substitutes are enforced as dead ball fouls. Therefore the TD was allowed making it 23-14 and giving USC the frontdoor cover.

FRONTDOOR AND BACKDOOR COVERS - AF came in expecting an upset and while they actually had a 416-410 yd edge, AF gained 128 of their yds in the 4Q when trailing 35-9. TCU had the game locked up 35-9 and AF surprisingly went for a 22 yd FG on 4&4 with 8:18 left. Still their next 3 pass were punts and AF took over at their 22 with the score 35-12 and still Under the Total. AF would get 2 FD's and then a 33 yd pass to the 4 with :28 left and with :04 left in the game, a 1 yd TD run put the game Over the total, 35-19. Once again, AF had 22 of their yds in the 4Q...Colorado St has won the last 16 meetings in this series and are 17-0-1 vs N Colorado. This time they had 28-9 FD and 501-216 yd edges but NC got a garbage TD with 6:43 left to only lose by 19. CSU got a saf with 10:23 left for a 33-7 lead and had the game in hand. After the free kick they got 2 FD's to the NC28 and were running out the clock when they fired inc on 4th down. On the next play, NC got a 66 yd TD run to get the backdoor with 6:27 left. CSU went 47/10pl and they ran out the clock.

THE MOST UNIQUE POWER RATINGS IN THE COUNTRY

These Power Play Forecasts are the most unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

Strength of Opponent: Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and **dropped 12 spots** in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings. Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run **you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have!** The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

Garbage yards: These are yards that a team gains or allows in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its fourth string defense. These yards are **counted into national ratings, but not in Northcoast Sports' Power Ratings!**

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

Injuries: When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game. His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense **MOVED UP 14 NOTCHES**. In Phil's Power Ratings they **stayed the same**, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in.

Successful Unbalanced Attacks: In 1989, Ohio St was held to 127 yards passing vs Northwestern. This dropped OSU in the national passing offense ratings & **RAISED** the Wildcats in the pass defense ratings. In our ratings the two units **remained** rated the same. Why? OSU rushed for 456 yards & **DID NOT HAVE TO PASS** & when they did they hit 9 of 11 passes, which is **VERY** effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, THESE RATINGS REFLECT the true strength of each unit and allow them to have the **most accurate forecast of yards gained and points allowed in the country! No other rating system takes into account all the previous factors.** Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

NORTHCOAST SPORTS PLUS OR MINUS POWER RATINGS

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and **they differ from what we have shown in recent years**, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

2011 COLLEGE POWER PLAYS RANKINGS

Listed below are Northcoast Sports' Power Play Rankings. These Power Play Rankings are unique. Our rankings are unlike any computer ranking, as we take into account all the following: Strength of Opponents, Individual Units (Rushing Offense, Rushing Defense, Passing Offense, and Passing Defense) Garbage Yards, Weather, Injuries, Home Field Edges, and successful Unbalanced Attacks. Regular rankings based solely on numbers DO NOT take into account these factors.

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game. With all that said here are this week's Power Plays Selections.

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
WEST VIRGINIA	25	313	31	2.2	-
MARYLAND	151	263	31	1.9	✓

Quite a drastic change for this WV ball club as PP is forecasting only 25 yds rushing. While Maryland is projected with a 414-338 yard edge the score is even so we'll pass.

NO PLAY: WEST VIRGINIA 31 MARYLAND 31

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
AUBURN	177	188	32	2.7	-
CLEMSON	229	243	39	1.7	✓

We like Clemson coming in and after dissecting this forecast we like it even more. PP is forecasting a 472-365 yard Clemson edge and an end to Auburn's 17 game win streak.

4★ CLEMSON 39 AUBURN 32

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
PITTSBURGH	135	185	24	2.5	-
IOWA	130	250	26	2.3	-

Pitt takes to the road for the first time under new HC Graham to Iowa who is off a loss to in-state rival Iowa St. PP has Iowa with a small yardage edge but with the score near the line.

NO PLAY: IOWA 26 PITTSBURGH 24

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
AKRON	28	165	8	2.8	-
CINCINNATI	242	305	47	1.5	✓✓✓

Cincy's offense is getting closer to resembling the '09 unit. While they're off a loss to Tenn it's still a respectable performance to reach 396 yds. With a 547-193 yard edge, it will be a top play.

4★ CINCINNATI 47 AKRON 8

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
WYOMING	183	143	23	2.4	✓
BOWLING GREEN	133	273	29	2.6	-

Both teams come in 2-0 and PP is calling for a BG win in both yards and on the scoreboard. With Wyoming on their first and unusual road trip to the Midwest, we'll pass.

Just a quick note for our Power Plays Subscribers. Obviously this newsletter is based upon statistical numbers and rankings that are used to develop the projections you see here. As with all types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, one would expect the projections to be more reliable after a number of weeks worth of stats are input. The numbers here are based upon how they finished last season with adjustments made due to personnel changes. Preseason statistics are not included in any of the projections as we do not feel they would accurately adjust the numbers.

CHICAGO	59	200	21	2	#1
NEW ORLEANS	77	373	32	3	#20

The Saints are off a loss they have nothing to be ashamed of as they matched the Packers blow for blow. Payton had the team in on Monday going over the base gameplan for CHI and he's been torn apart by the media over how the GB game ended. CHI's defense shut down the Falcons LW and got to Ryan. The Falcons got to Cutler just as much (5 sks 11 QBH) and NO has a solid interior DL. PP gives NO a 191 yd edge here but it isn't taking into account the fact that WR's Moore & Colston are expected to miss here so we'll limit the grade.

KANSAS CITY	104	193	18	2	#22
DETROIT	107	283	33	2	#16

KC was caught in a snowball effect LW in their biggest opening day loss in team history. Haley will be taking heat all week from the media over his uber-conservative approach in preseason. Now they travel vs a defense much farther along than BUF. DET clearly outplayed TB LW but special teams and a tipped pass let them hang around in the game. DET is on a 13-3-1 ATS run but PP only gives them a 93 yd edge here. This is also the biggest favorite role for DET since the last game of 2000 so we'll temper the side but the total is interesting here.

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
JACKSONVILLE	113	165	16	2	#6
NY JETS	107	273	30	2	#8

The Jets scored 17 pts in the 4Q to grab the win away from the Cowboys LW. They now take on a 1 dimensional Jaguars team that doesn't have a vertical threat. JAX let TEN creep into the game in the 4Q LW and McCown was strictly a game manager vs a TEN team adjusting to a new defensive playstyle. PP gives the Jets a 102 yd edge here and LW's comeback win took away some line value limiting the strength of the play.

3★ JETS 30 JAGUARS 16

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
OAKLAND	133	173	22	2	#19
BUFFALO	122	233	31	2	#17

BUF is in a great spot off a big win vs KC on the road and they get OAK off a road MNF game vs DEN to open the year. By jumping out to an early lead, BUF took away KC's run game and were able to lock down KC's best receiving threat in Bowe (17 yds 8.5). This is a No Play without seeing how OAK did vs DEN on MNF though even with the Bills situational edges here.

NO PLAY: BILLS 31 RAIDERS 22

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
ARIZONA	62	225	18	2	#7
WASHINGTON	104	285	26	3	#14

ARZ's secondary was exposed by Newton to the tune of 422 yds at home and now they have to travel to WAS. ARZ doesn't have a formidable pass rush & WAS looked much crisper LW vs the Giants than they did all of 2010. PP gives the home team a 102 yd edge but WAS isn't a great HF (neither is Shanahan) with a 4-12 ATS mark keeping this from being stronger.

3★ REDSKINS 26 CARDINALS 18

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
BALTIMORE	123	213	27	1	#10
TENNESSEE	100	203	14	3	#3

BAL got a statement win vs PIT LW playing just as physical as they ever have. TEN wasn't as good as the final score vs JAX who were very conservative in McCown's 1st start and relied on the run. BAL has a better range of weapons than JAX, a more aggressive defense and will bring lots of pressure vs Hasselbeck. BAL may not have 1st RD DC CB Smith (ankle sprain) here. PP calls for a 13 pt win and with only STL on deck we'll take the road team.

4★ RAVENS 27 TITANS 14

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
SEATTLE	13	180	15	4	#2
PITTSBURGH	130	283	35	2	#5

PIT lost by 4 TD for only the 2nd time since 1990 vs BAL thanks to a whopping 7 TO's. They now host a SEA that was the only team to lose to a team with a new coach from the start of 2010. PIT is bigger, more physical, more talented and healthier than the team coming to town. PP gives them a 413-193 yd edge here and this would be a bigger play if not for the 2TD+ line.

3★ STEELERS 35 SEAHAWKS 15

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
GREEN BAY	91	275	37	2	#28
CAROLINA	107	265	18	3	#27

GB has huge talent edges on both sides of the ball and the large line confirms it. Newton set a record for most passing yds by a rookie QB in his debut with 422 yds. PP's stat #'s are a bit inflated over it & CAR will likely be much more conservative vs GB's defense here. DD NDIV AF's with a DIV road game on deck are 3-9 ATS since 1992 and the potential for a backdoor cover is too great here.

NO PLAY: PACKERS 37 PANTHERS 18

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
TAMPA BAY	98	213	21	2	#4
MINNESOTA	165	215	24	2	#21

Prior to the 4Q, TB had 2 FG, 5 3 & outs with an Int vs DET at home. MIN didn't fare much better vs LY's #1 defense running just 43 plays to 77 for the Chargers. McNabb was woefully ineffective with 28 net yds passing but had a 17-7 lead at the half due to a Harvin KR for a TD. MIN has clear edges on both sides of the trenches along with Peterson (98 yds 6.1 LW). PP has this right at the line so No Play.

NO PLAY: VIKINGS 24 BUCCANEERS 21

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
CLEVELAND	116	185	22	2	#23
INDIANAPOLIS	107	235	24	1	#32

CLE gave the game away to CIN in the 4Q thanks to mental errors after giving up 13 pts early in the game. IND knew it would be painful w/o Manning but they were blown out in every phase of the game they & got their only score after HOU fumbled on their 27 in the 4Q. IND has better talent overall but until we get a feel on how each team practices this week this is a No Play.

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
DALLAS	79	278	30	2	#12
SAN FRANCISCO	68	233	26	3	#11

DAL blew a 14 pt lead with 12 min left in the 4Q LW vs the Jets & the media quickly moved to slam Romo over it. He did log 342 yds vs a very formidable 3-4 defense much further along than SF's. The 49ers got Harbaugh his 1st win in the NFL vs a SEA team without 2 key FA pickups (OG Gallery, WR Rice) with lots of changeover from the playoff win over NO. PP has this right around the line with no significant yard edge so this is a No Play.

The media will be crowning HOU after they beat the Colts at home to open the year. MIA is off LW's MNF game vs NE and its unknown how the new RB/revamped OL fared. MIA's defense is underrated (#6 LY) and don't overreact to LY's #30 defense slamming IND without Manning LW. We need to see how MIA looks on MNF so this is a No Play.

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
SAN DIEGO	70	338	25	2	#18

SD dominated MIN statistically with a 407-187 yd edge (31 FD's!!) but had to scramble to come back for the win in the 4Q thanks to a 103 yd KR to open the game. They lost K Kaeding (ACL), DE Castillo (brkn leg) for the year and RB Tolbert (knee) is questionable here. NE is off LW's MNF game vs MIA and its not known how the revamped DL looked vs an improved OL. This is a No Play as there isn't enough info yet.

DENVER	93	255	26	2	#29

DEN is off LW's MNF game vs OAK & those results are not factored in here. CIN got past CLE thanks to 7 1Q penalties to set up 13 pts. Dalton (wrist) missed the 2H but is expected back here. CIN's other 14 pts came on mental errors in the 4Q to get the win. We need to see how DEN operates with Fox at the helm before making a call so this is a No Play.

PHILADELPHIA	113	238	28	2	#13
ATLANTA	100	198	24	3	#9

Vick didn't take the sidelines in LY's 31-17 win as a 2 pt HF due to bruised ribs. A 56 yd Fbl return for a TD swung momentum to PHI LW which was compounded by inj's to STL. ATL wasn't prepared for CHI's physical defense LW & gave up 3 TO's for 14 pts as Ryan was sacked 5 times. PP has this right around the side & total here so this is a No Play. Get this play on the Northcoast Debit Card System for only \$9 after 11:00 am ET on Sunday. Sunday Night Private Play Hotline Marquee Plays have gone 115-77-3 60% L12Y!!!

ST LOUIS	88	195	21	2	#15
NY GIANTS	143	260	29	3	#25

STL lost 4 offensive starters LW vs PHI including RB Jackson (quad) & Bradford (thumb) along with CB Bartell. The Giants only had 3 drives over 20 yds LW (1-10 on 3rd Dns), Manning had another Int returned for a TD along with another special teams error. This is a No Play with Bradford's status (AJ Feeley last started in 2007) up in the air. We are offering a MONEY BACK PLUS Guarantee on MNM through the Northcoast Debit Card System - take advantage on Monday night after 3:00 pm ET! Pay just \$30 for the MNM Play and if it fails to cover - you'll get \$40 back on your Northcoast Debit Card the very next day!
