NEWS AND NOTES - WEEK ELEVEN 2011

NEWS AND NOTES - One week after breaking the MAC record for comb'd TD's (17) in a 63-60 loss to Northern Illinois, Toledo came right back and had 37-32 FD and 804-635 yd edges and beat W Michigan 66-63 in regulation, setting MAC records again...Houston had a streak of 19 straight quarters with a score surprisingly end vs Tulane. Surprisingly, because the final was 73-17. In the 1Q UH had 1 poss and they got 2 FD's and punted. TU had 15 and 8 pl drives but was int'd in the EZ and punted and it was scoreless. UH got a 72 yd TD run with :18 left in the half to go up 35-10 and had a 373-232 yd edge at the half. UH had a 70 yd PR TD by Edwards early 1Q, and in the 4Q a 76 yd PR TD by Payne. Backup QB Turner engineered scoring drives of 59 and 79 yards for UH and their final drive ended at the TU25 taking a knee...Pittsburgh had 396-280 yd and 21-15 FD edges with Louisville's TD's coming on an 11 yd drive after a 7 yd punt, and trailing 21-7 they drove 71/7pl for a TD with :12 left. Pitt remains in the Big East race...Tulsa piled up a season high 682 yds vs Marshall and finished with a 32-16 FD edge. TU actually had a 414-148 yd edge at the half and led 42-3 going through the motions in the 2H...Vanderbilt got their biggest win over Kentucky since 1969 and matched their largest margin in an SEC game since 1971. VU finished with a 28-9 FD edge and in the 1H had a 278-41 yd edge. Kentucky bobbled a snap and was tkl'd at their own 3 on a punt and VU got a TD 3pl later and VU would lead 24-0 at the half...South Carolina won its 6th SEC game for the first time since joining the league in 1992 but need Georgia to lose to Kentucky next week to get back to the SEC Title game. Florida led 3-0 when SC drove 62/11pl for a TD with 7:07 left in the half then rec'd a fmb, converted on 4&1 with a 10 yd run and went 46/11pl for a 1 yd TD with :31 left in the half to lead 14-3. UF got it to 14-12 with 11:23 left but their 2 pt conv was int'd and SC got a 46 yd pass setting up a 28 yd FG for the final. UF punted with 5:34 left and SC got 3 crucial FD's not punting until :42 remained. UF had a 17-16 FD and SC a 299-261 yd edge...There was nothing fluky about Purdue's win over Ohio St. OSU did not get a FD on their first 3 drives of the game and trailed 10-0 and at the half PU had a 242-97 yd edge and led 17-7. OSU did go on a 66/19pl drive for the apparent game winning drive and got a TD with :55 left but their xp was blk'd and PU won in OT after converting on 3&12 with a FD pass to the 1 and getting a TD on the next play...Everyone says Texas Tech is an up-and-down team since they upset Oklahoma. That was really their only good game of the year. They had another poor performance last week when in their home finale, facing an OSU team whose D had been giving up a ton of points, were flat out dominated. Oklahoma St had a 332-151 yd edge at the half and led 49-0. TT scored their only TD on a FR TD and OSU finished with a 637-270 yd edge...Joe Paterno started as an assistant at Penn St in 1950, took over as the HC in 1966 but after an incredible week where all the news in college football was focused on Happy Valley, he was fired. It was the first game he was not in charge of in a very very long time. Still, PSU finished with a 375-311 yd edge. PSU had a 176-167 yd edge at the half but actually trailed 10-0 and came up 3 pts short...USC lost to Washington on last second FG's in each of the last 2 years but this one was not close. USC had a 246-91 yd edge at the half and led 23-3 and after 3Q's it was 37-10 with a 401-148 yd edge. UW took over with 3:07 left and went 69/10pl and on 4&4 got a garbage 20 yd TD pass to "only" lose 40-17...Virginia actually snapped a 3 game losing streak to Duke. The game was tied at 14 and 21 when UVA got a TD with 6:52 left in the 3Q and a 29 yd FG and led 31-21 after 3Q's. Duke missed a 35 yd FG with 5:50 left and was SOD at the UVA42 with 3:33 left and UVA got 1 FD and ran out the clock only finishing with a 356-337 yd edge...Boise appeared to have the TCU game locked up as they led 35-28 and had the ball on 2&6 at the TCU35 in range for the game clinching FG and only 2:26 remained when they fumbled. TCU got a TD with 1:05 left and went for 2 and got it. BSU still went on a 9pl drive and were in the middle of the field for a 39 yd FG but it trailed off to the right and BSU's perfect season came to a halt, also ending BSU's streaks of 10 straight overall wins, 35 overall home wins, 47 straight conference wins, a 65 reg season home wins...Northwestern had a 533-254 yd edge vs Rice getting a 90 yd TD pass in the 1H then 2 TD's in the final 4:26. Rice took over with 6:07 left trailing 28-0 and went 62/5pl getting a TD with 4:16 left but NU got 2 FD's to the Rice 11 running out the clock. Jeremy Ebert had 7 catches for 208 yards...Miami FI finished with a 383-259 yd edge vs Florida St and a 24-13 FD edge. FSU did not get its first FD until midway throughout the 2Q but benefitted from three 1H Miami TO's. FSU got a 37 yd FG on a 9 yd drive and later got an 83 yd PR TD and led 17-7 at the half despite being outgained 203-79. UM got a TD with 1:27 left in the game but missed the xp, 23-19 and FSU rec'd the onside kick. It was the first time in 6 years the home team had won and the first time in 7 years there was not an outright upset...Texas A&M blew 2 double digit leads. One in each half and it was the 4th game this year lost in which they had a DD lead. Collin Klein threw for a career high 281 yds passing in a 4OT shoot out. A&M had leads of 14-0 in the 2Q and 31-21 with 6:38 left. A&M did finish with a 482-411 yd edge but settled for a 20 yd FG in the 4OT and KSU got a 1 yd TD run for the 53-50 win.

CONTROLLING THEIR OWN DESTINY - Wisconsin now controls their own destiny in the Big Ten as they outgained Minnesota 461-156 with UM getting a 96 yd KR for a TD in the 3Q. UW got ahead of the spread with a TD with 9:07 left in the game after UM had been SOD on 4&1 at the 50. UM also scored on a fake FG for a TD but they were outFD'd 29-9. UM QB MarQueis Gray had a bad back and his girlfriend had just given birth to twin boys on Friday and he hit 6-14-51...Michigan St controls its destiny in the Big Ten and just needs to win in their final 2 games. MSU had a 19 yd drive after an int then after a 20 yd PR, drove 35 yds for a TD with 1:57 left in the half then Iowa fumbled the KO and MSU got a TD 2pl later for their commanding 31-7 HT lead. They did have a 269-153 yd edges at the half while Iowa finished with a 20-19 FD edge for the game...Georgia just keeps getting better each and every week. Versus Auburn they had 30-10 FD and 528-195 yd edges. They now just need to beat Kentucky to find themselves in the SEC Championship game. Isaiah Crowell and Carlton Thomas (both susp'd LW) each topped 100 yards rushing and UGA led 35-7 at the half with a 328-89 yd edge...It seemed a bowl was almost impossible for Navy but they've now pulled 2 straight upsets and only need to beat SJS and Army where they will be favored in each to get back to bowl eligibility at 6 wins. Navy has won 5 straight vs SMU. SMU finished with a 386-335 yd edge. SMU's last 2 drives of the 1H went 74/13pl but on 3&gl from the 6 they were int'd in the EZ then went 79/14pl for a 28 yd FG, 10-3. SMU was SOD at the Navy 21 late 3Q and trailed 24-10 when they got a TD with 3:40 left but Navy converted on 3&7 and 3&4 for FD's to run the clock...Clemson finds itself in the ACC Title game after they overcame a 28-14 deficit vs Wake Forest and kicked a 43 yd FG on the final play for the win. CU finished with a 522-317 yd edge and led 14-7 when WF got a 50 yd PR TD and then after a fmb'l a 25 yd drive for a TD and after an int, drove 44/4pl for a TD.

FRONTDOOR COVERS - Memphis led UAB 35-17 after 3Q's. UAB settled for a 24 yd FG, drove 70/9pl and 69/4pl for TD's but the 2 pt conversion failed with 7:08 left and they still trailed by 2. UAB went 77/10pl and got a TD with 1:36 left, not only for the win, but for the frontdoor cover. MEM got to the UAB43 after a personal foul but on 4&10 fired incomplete. UAB did finish with a 601-384 yd edge...Army got a TD with 14:02 left in the game but missed the xp and trailed Rutgers 13-12. Army was punting with 6:36 left and RU blk'd the punt and ret'd it 32 yds for a TD to make it 20-12. Army was SOD at the RU41 with 2:21 left. On 3&7 after Army had used 2 time-outs, so one FD would have ended the game, Jamison broke through a hole and raced 56 yds for a TD to give RU the frontdoor cover. Army was SOD at their own 26 and RU finished with a 314-305 yd edge, thanks to that 56 yd run.

WINDY GAMES - NC State CB David Amerson extended his school record with his 10th int in the 1H and NCSU had a 267-190 yd edge. Boston College had a 92-88 yd edge at the half and led 14-3 on a very windy day where the winds affected FG's and punts...The winds gusted up to 60 mph for the Wyoming/Air Force game but surprisingly WY (more of a passing team) pulled out the win. Brett Smith hit 17-30-139. AF hit just 2-5(-1) but don't normally pass anyway. The goal posts were teetering, tents in the parking lot were toppled and the fighter jet fly over was scrubbed. WY delivered their

3rd outright upset as a Big Dog Play for us this year and a 12 yd punt with 3:22 left in the half set up them for a 42/7pl TD drive and the lead, 12-7. They did trail 17-12 but got a TD with 7:40 left and AF fmb'l'd at the WY24 and then fmb'l'd and it was ret'd 48 yds for a TD with :25 left to make an 18-17 game a 25-17 final. WY finished with a 351-311 yd edge...Colorado and Arizona was played in 45 mph winds which gusted up to 71 mph in the 4Q. Nick Foles still hit 35-53-352 yds but UA trailed by 24 points in the 3Q and CU had 273-60 yd edge. The Buffs delivered yet another Big Dog outright upset winner. **BIG DOG NEAR MISSES** - The Big Dog Play of the Week has had a remarkable run of outright upsets. It's also had a remarkable run where huge underdogs have blown double digit leads in the 4Q and lost by a point or 2 at the end of the game. Last week it was more of the same. Kansas was a Big Dog POW and led Baylor 24-3 in the 4Q. The cover was never in question but KU appeared on its way to a huge outright upset. BU got a TD with 11:45 left to pull within 24-10, a 36 yd TD with 7:58 left to make it 24-17 and then a 67 yd TD pass with 3:32 left to tie it. KU was nearly in FG range when on 2&10 from the BU39 they were int'd at the 25. In OT each team got a TD but smartly KU went for 2 but unfortunately did not get the 2 pt conversion...

BIG DOG NEAR MISSES - Cont'd from pg 1 - San Jose St had a 30-21 lead and had the ball at the Utah St 7 when they settled for a 24 yd FG with 8:13 left which kept Utah St within 12. USt got a TD on 3&14 with 5:14 left and then a 21 yd TD pass with :41 left to escape with a 1 pt win. SJS did attempt a 67 yd FG on the final play but it was blk'd...Colorado St lost QB Pete Thomas in the 2Q. He had taken every snap at QB this year and Garrett Grayson hit 6-15-26 yds in his place. Still, SDS took the lead 18-15 with 5:49 left and CSU's final drive did get to midfield where they were SOD.

INJURIES OF NOTE - There could be bad news for Cincinnati who had the Big East in their control. QB Zach Collaros was on the sideline on crutches after being inj'd in the 2Q vs WV. That injury changed the entire BE race. Bkp QB Legaux hit 10-21-144. Even with the bkp QB, UC which wore all red uniforms for the first time since 1993, had a shot at the win. They led 21-17 but gave up a 4Q TD and then UC had a FD at the WV22. On 3&3, Legaux ran for 1 yd and they went for the 31 yd FG for OT but it was blk'd... Texas had 2 RB's come into the game questionable but neither Malcolm Brown or Joe Bergeron played vs MO. Foswhitt Whittaker left with an ankle inj in the 1Q. UT was held without a TD for the first time since 2004 and lost to Missouri for the first time since 1997. UT went 77/12pl for a 27 yd FG and got into MO terr on their next drive but their offense slowed down and MO did enough for a 17-5 win finishing with a 338-247 yd edge.

THE MOST UNIQUE POWER RATINGS IN THE COUNTRY

These Power Play Forecasts are the most unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Ratings (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

Strength of Opponent: Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and **dropped 12 spots** in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings. Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run **you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have!** The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

Garbage yards: These are yards that a team gains or allows in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its fourth string defense. These yards are **counted** into national ratings, **but not in Northcoast Sports' Power Ratings!**

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

Injuries: When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game. His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense **MOVED UP 14 NOTCHES**. In Phil's Power Ratings they **stayed the same**, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in.

Successful Unbalanced Attacks: In 1989, Ohio St was held to 127 yards passing vs Northwestern. This dropped OSU in the national passing offense ratings & **RAISED** the Wildcats in the pass defense ratings. In our ratings the two units **remained** rated the same. Why? OSU rushed for 456 yards & **DID NOT HAVE TO PASS &** when they did they hit 9 of 11 passes, which is **VERY** effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, **THESE RATINGS REFLECT** the true strength of each unit and allow them to have the **most accurate forecast of yards gained and points allowed in the country!** **No other rating system takes into account all the previous factors.** Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

2011 COLLEGE POWER PLAYS RANKINGS

Listed below are Northcoast Sports' Power Play Rankings. These Power Play Rankings are unique. Our rankings are unlike any computer ranking, as we take into account all the following: Strength of Opponents, Individual Units (Rushing Offense, Rushing Defense, Passing Offense, and Passing Defense) Garbage Yards, Weather, Injuries, Home Field Edges, and successful Unbalanced Attacks. Regular rankings based solely on numbers DO NOT take into account these factors.

2011 TOUGHEST OPPONENT UNIT'S FACED

WHAT ARE THE TOUGHEST OPPONENT RANKINGS? These rankings go far beyond the NCAA's straight statistical ranking of each team. For example last year Notre Dame ranked #89 in the NCAA in rush defense allowing 170 ypg, but ranked #40 in our rush defense rankings because they faced the toughest schedule of rush offenses in the NCAA IV. As you can see, the NCAA's statistical rankings can be misleading. In the upcoming weeks we'll provide examples of this year's statistical disparities. These are the current rankings for this year. Here are the teams that have took on the toughest & easiest schedules last year.

STREAKERS

Each week STREAKERS looks at current runs on both the ATS & Totals. A streak starts after 3 Wins/Losses/Overs/Unders so this section will start if any teams qualify during the fourth week of the season. Remember you can win many times during a streak and lose only once.

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game.

| DENVER | 183 | 110 | 19 | 2.1 | #4 |

(NYJ #17 vs DEN #15, DEN #15 vs NYJ #8) - DEN has won 3 of 4 with Tebow who LW became just the 5th QB to throw all the passes in a game, complete 2 or less & still win since 1980. Can the Jets contain the zone option offense on a short week after their SNF loss? **Grab tonight's winner for just \$9 on the PPH after 3pm game day.**

| TENNESSEE | 82 | 193 | 14 | 1.0 | #15 |
| ATLANTA | 149 | 238 | 21 | 0.6 | #20 |

(TEN #26 vs ATL #7, ATL #7 vs TEN #26) - The Titans thumped a CAR team that was sluggish coming off the bye forcing six 3 & outs, 2 TO's & 5 sks. ATL outgained NO 481-363 but a coaching move by the normally solid Mike Smith on 4th & 1 gave NO a short field for the game winning FG in OT. PP has ATL with an 112 yd edge here but has it right around the line so No Play.

| BUFFALO | 108 | 210 | 14 | 0.1 | #14 |
| MIAMI | 129 | 243 | 24 | 1.6 | #8 |

(BUF #18 vs MIA #13, MIA #28 vs BUF #19) - MIA has capitalized on the sked the L2W beating a Chiefs team off a big MNF win & a depleted WAS team that opted to change QB's Sat Nite before the game. BUF has scored 18 pts since Fitzpatrick signed his big contract as defenses have adjusted to Gailey's 3 WR base package & their lack of talent in the defensive front 7 is starting to be exposed. PP calls for MIA by 10 but with only a 54 yd edge which combined their 4-17 ATS record as a HF keeps this grade limited.

2★ DOLPHINS 24 BILLS 14

| CINCINNATI | 72 | 180 | 19 | 2.0 | #11 |
| BALTIMORE | 94 | 273 | 25 | 1.9 | #21 |

(CIN #25 vs BAL #3, BAL #24 vs CIN #17) - CIN came up short in their efforts to prove themselves to PIT LW. Making matters worse was losing their #1 CB Leon Hall (torn achilles) for the year & 1st RD DC AJ Green (hyperextended knee) status here is unknown. BAL followed up another big win by playing down to the level of their foe LW at SEA as the offensive playcalling (53 pass 12 run) was poor. PP gives BAL the 4th largest yard margin of the week (115 yds) but has it right around the line so No Play.

| JACKSONVILLE | 128 | 85 | 11 | 0.9 | #23 |
| CLEVELAND | 129 | 238 | 22 | 2.0 | #25 |

(JAX #32 vs CLE #4, CLE #29 vs JAX #2) - JAX is off a 14 pt win vs the team that would have the 1st overall pick in the draft if it were held today only outgaining them by 39 yds. CLE lost to the #2 projected team in the draft right now due to a botched FG only outgaining them by 54. In a stunning forecast PP has CLE with the 3rd biggest yardage margin of the week with an 11 pt difference. This is a favorable line but CLE is just 1-7-1 ATS at home keeping it from being stronger while the Total is worth a look.

| OAKLAND | 138 | 200 | 18 | 1.9 | #9 |
| MINNESOTA | 175 | 141 | 24 | 1.3 | #13 |

(OAK #8 vs MIN #25, MIN #12 vs OAK #10) - OAK comes in with extra rest after their big win vs SD LW while MIN's MNF game vs GB isn't factored in here. Palmer's comfort level with the team will only continue to grow & he's got an excellent OL to work with as he does. MIN has 15 of their 24 sks at home TY & Ponder will be in a more friendly environment after being at Lambeau Field. PP calls for MIN here but we want to see a real line before making a call so No Play.

| CAROLINA | 132 | 136 | 18 | 2.2 | #32 |
| DETROIT | 142 | 283 | 34 | 2.8 | #26 |

(CAR #11 vs DET #5, DET #16 vs CAR #22) - Bad teams have been bad coming off byes TY & CAR was no exception LW getting held to zero 1st Dns on 7 of 13 drives LW. TEN kept Newton in the pocket for most of the game LW & kept their big play potential in check. They now face a Lions team that imploded off their bye with 6 TO's with 2 Ints being returned for TD's also giving up an 82 yd PR for a TD. PP gives DET the 2nd biggest yardage margin here (157) but the Lions are struggling without a run game to balance out their offense. With GB on deck for Thanksgiving this is a No Play.

| TAMPA BAY | 128 | 210 | 10 | 1.9 | #5 |
| GREEN BAY | 166 | 260 | 31 | 0.9 | #24 |

(TB #19 vs GB #31, GB #3 vs TB #32) - This is a letdown spot for GB who are off a MNF game vs MIN & have a road game vs DET on deck for Thanksgiving. TB has lost 3 straight as their youth in the front 7 is struggling giving up 423 ypg & 29.3 ppg in the process. GB clearly has the superior talent, health & homefield edge but the lack of a solid line which is likely to be sizeable & the situation here has us temper the grade.

| DALLAS | 119 | 228 | 23 | 1.7 | #10 |
| WASHINGTON | 88 | 208 | 13 | 2.7 | #18 |

(DAL #5 vs WAS #23, WAS #30 vs DAL #20) - DAL comes in having won 2 straight by 10 & 37 pts & are 5-2 ATS prior to Thanksgiving. Shanahan's Redskins (9-16 SU/11-12-2 ATS) are at Jim Zorn

(12-20 SU/13-16-3 ATS) with 12 games under 17 pts scored vs 15 for Zorn. While Grossman did show some sparks LW in moving the ball LW he turned the ball over twice as the team was starting to gain momentum. DAL is only 3-10 ATS vs WAS with a 51 yd edge here keeping this from being stronger.

| SAN FRANCISCO | 146 | 218 | 26 | 1.5 | #1 |

(ARZ #27 vs SF #12, SF #20 vs ARZ #28) - SF is off to their best start since 1997 due to quality leadership from Jim Harbaugh. SF has not allowed a 100 yd rusher in 31 straight games while only allowing more than 20 pts twice this season. ARZ is off big road win vs PHI and have to travel for the 3rd time 4 Wks with an OT game vs STL thrown in. PP gives SF a 12 pt margin here but a 54 yd edge here with a cross country road game on Thursday on deck tempers the grade.

| SEATTLE | 120 | 178 | 14 | 1.4 | #27 |
| ST LOUIS | 144 | 233 | 16 | 1.5 | #30 |

(SEA #21 vs STL #16, STL #22 vs SEA #14) - The Rams escaped CLE with a win by pounding the ball (32 att's 4.2) and keeping Bradford clean (1 sks). They also got a lucky break on special teams after 2 bad ones vs ARZ who they outgained 383-262 on the road. SEA was in a good situation LW at home catching BAL off a big win vs PIT with 2 big home games on deck. SEA has been outgained 367-265 on the road TY & after losing their top 2 CB's earlier TY could be w/o breakout SS Kam Chancellor (55 tkl3 int) due to a concussion. PP has this right at the line though making it a No Play.

| CHICAGO | 143 | 198 | 32 | 1.2 | #2 |

(SD #10 vs CHI #9, CHI #14 vs SD #27) - The Bears have won & covered 4 straight as Martz went back to what made them the NFC North Champ LY in keeping Cutler upright & maximizing the players on the field. SD has lost 4 straight due to injuries, bad special teams coverage units & the #23 red zone defense. SD has extra rest to try & get key players back here & are the more desperate team. PP gives CHI a 15 pt win but we think the Chargers have some life left in them & disagree.
