NEWS AND NOTES - WEEK FOURTEEN 2011

NEWS AND NOTES - West Virginia qualified for a BCS Bowl but clearly caught a few breaks on the way. In the final 3 games they got past Cincinnati when the Bearcats lost starting QB Collaros in the 3Q with injury. Against Pitt, the Panthers lost their top 3 RB's to injury and West Virginia came back from a 17-7 halftime deficit in a half they were outgained 216-141. Last week vs USF it appeared the Bulls had it wrapped up. WV had benefited from a 52 yd IR TD and 90 yd KR TD in the game but USF did also have an IR TD. At the half WV led 13-7 but USF had a 196-138 yd edge. USF had a 1st & G on the 2 late 3Q but settled for a 20 yd FG. With the game tied 27-27, USF got a 53 yd KR to the WV41. They had a FD at the WV28 and WV had no time-outs left with 3:00 to go when QB Daniels on FD fmbld. WV got 2 FD's and on 4&10 from the USF42 got a 26 yd pass to the 16 with :08 left and they got a 28 yd FG for the win...UCLA was playing with an emotional edge vs Oregon as they were off an embarrassing 50-0 loss and Neuheisel had been fired during the week. They carried the coach off on their shoulders after Thursday's practice and played hard. Twice in the 1H the Ducks went for it on 4th down and got 30 and 25 yd TD's off the 4th & 1 and 4th & 3 plays. It was 35-14 UO when on 4&10 they were SOD at the UCLA44 with :11 left in the half. LA got a 30 yd pass and then a 44 yd FG to pull within 35-17. The Ducks appeared headed for a 32 pt win when leading 49-24 on 4&9 they were SOD at the LA30 with 11:58 left and then on 4&3 were SOD at the LA6 with 7:13 left. LA drove 94/15pl and got a 19 yd TD pass with 1:51 left for the 49-31 final. UO rec'd the onside kick and took a knee three times...Cincinnati got a FR TD when DL Stewart took the ball out of the QB's hands then added a 15 yd IR TD but still dominated the 1H leading Conn 28-6 with a 225-64 yd edge. They led 35-12 after 3Q's but Conn got a TD with 2:58 left, then after an int got a TD with 5:46 left to pull within 1 score. Cincy got 2 FD's burning off the final 5:46 and their win put West Virginia into a BCS bowl...Howard Schnellenberger was coaching his final game and the 30,000 seat stadium that he was mostly responsible for building was near empty and the OC went out with their 3rd shutout of the season. In the 1H ULM had a 260-78 yd edge and led 19-0 and FAU's scoring opportunities ended on an int in the EZ from the 8 in the 1Q, they ran a fake 50 yd FG which was int'd at the 25 in the 2Q, in the 3Q FAU missed a 26 yd FG and their final offensive play they were SOD on 4&1 at their own 25 with 1:27 left...Colorado St had numerous tough losses on the year and had another one vs Wyoming as they had a 25-18 FD edge. The Rams settled for a 21 yd FG on their opening drive, settled for a 44 yd FG and then backup QB Grayson who was forced to start his 3rd straight game, was int'd at the WY11 with 3:34 left in the half. The Rams had a 2nd & G at the 1 at the end of the half and got a TD but it was called back for an illegal motion and on 3&G they were int'd in the EZ with :11 left in the half. In the 2H, CSU had a 32 yd FG hit the upright when leading 19-14, fired incomplete on 4&3 at the WY41 and then was sk'd in the EZ for a safety with 2:43 left putting WY up by 3. CSU got it back at their 4 but it ended on an int at their own 37 with :28 left. TCU was not as dominant as the final score as they only led 14-3 late 1H vs UNLV when they blocked a punt to set up a 32/1pl TD run. TCU then got a 99 yd KR TD with 2:00 left in the half and :12 later a 16 yd IR TD to lead at the half, 35-6 but only had a 166-92 yd edge. They found out Houston had lost, giving them a possible BCS berth and opened the 3Q with 74/10pl, 81/8pl and 60/8pl drives for TD's on their first 3 poss to go up 56-9 with 9:10 left and held UNLV to 6 FD's...Pitt had a 6-1 TO edge vs Syracuse as SU fumbled the opening KO setting up a 22/1pl TD pass for Pitt. SU was int'd on their 2nd play and Pitt got a 37 yd FG and at the end of the game, Pitt led 26-20 and SU was back at their own 18 with 2:34 left when Nassib was hit from behind, Reed caught it in midair and ret'd it 20 yds for a TD for the 33-20 final...Houston controlled its own destiny just needing a win over SM at home to secure a BCS bowl berth but the Cougars couldn't handle the pressure and Case Keenum fell out of the Heisman Trophy chase. There was 16-27 mph wind gusts. SM had the wind at their back in the 1Q and got a TD with 1:09 left in the half then went 36/3 after PF on the PR for a 14-0 lead. UH tied it at 14 going 65 and 61 yds on its next 2 poss for TD's but SM went 75/3pl and got a 69 yd TD pass to make it 21-14 at the half. SM blocked a punt for a TD and Keenum was int'd in the EZ on 1st & G at the 1. Leading 28-21 SM went 80/11pl, 81/3pl for TD's to lead 42-21 and even fmbld at the UH8 with 12:15 left. SM got a 25 yd IR TD with 2:41 left and UH went 70/12pl getting a garbage TD with :03 left...New Mexico St got Matt Christian back at QB and led Utah St 21-17 in the 4Q. They punted with 5:04 left and Utah St went on an 83/13pl drive incl a 4&1 conversion and got a TD with :35 left to pull out the win, 24-21...Case McCoy threw for 356 yds vs Baylor and Texas finished with a 557-511 yd edge but 5 TO's by McCoy were the key and none were more important than with 1:18 left in the half. Texas, leading 21-17, had the ball when on 3&4 McCoy was int'd on the sideline and returned 28 yds to the 2 with 1:18 left. Two plays later Griffin got a TD to take a 24-21 lead. Texas had the ball for 21:02 of the 1H and had a 339-249 yd edge but trailed. UT settled for a 39 yd FG, was int'd at the BU27, int'd at the BU19 then dropped a TD pass and a few plays later fumbled at the BU12. On their next drive, UT turned it over a 4th consecutive time when they were int'd in the EZ and BU got a 48-24 win. Baylor reached 9 wins for the first time since 1986...Lance Dunbar set a single game rushing record at North Texas with 313 yards on 40 carries and he was the only 300 yard rusher in college football this year. He leaves as NT's all-time career leading rusher with 4,224 yds topping Patrick Cobbs (4,050). Interestingly, Middle Tenn's coach Stockstill said during the week, that their season was over but that next year would be promising. NT played like their season was over as they trailed 52-0 in the 3Q and MT had a 487-231 yd edge...Tyler Lantrip got the start in place of the injury Cody Fajardo and hit 24-31-340 yds as Nevada steam rolled Idaho. At the half Nevada had a 319-140 yd edge and led 28-3 and would roll 56-3 punting once in the 2H and ending the game at the ID10...Troy was more competitive than the final score vs Arkansas ST. In fact, ASU had a 17-0 lead with 1 FD as they blocked a punt for a TD and had a 60 yd FR TD. Troy, trailing 24-14 missed a 48 yd FG with 7:34 left in the 3Q and then ASU took over driving 69/12pl, 84/13pl and after Troy was SOD, ASU went 84/8pl for TD's for the 45-14 final...Tajh Boyd came in having a 4-7 ratio in his previous 4 games but hit 20-29-240 yds and was the MVP as #21 Clemson beat #5 Virg Tech for the 2nd time this year. It's the first time CU's won 10 games in a season since 1990. David Wilson, the ACC Player of the year, was held to 32 yards on 11 carries. Things started right for CU early as VT fumbled on their opening snap and CU went 24/3pl for a TD and a 7-0 lead. The score was tied at 10 at the half and CU would then score 3 TD's in 4:24 to blow it open, 31-10. VT dropped a FD pass on 4&2 at the CU30 and CU went 70 yards for a TD for the 38-10 lead. VT was int'd at the CU10 with 9:32 left and int'd in the EZ from the 8 with 4:51 left. There was an ACC record 73,675 on hand and with the game in Charlotte, NC the crowd surprisingly sounded like a Clemson home game...The Georgia/LSU game was a story of 2H and even then, UGA finished with a 296-237 yd edge but were done in by 3 TO's and 2 long PR's. The most amazing stat in the game was that at the half FAU had a 9-0 FD edge and 135-12 yd edge but they only led 10-7. LSU's only TD in the 1H came when Mathieu ret'd a punt 62 yds for a TD but he actually tossed the ball to the ref prior to crossing the goal line and it should not have counted. As is the case in most of their games this year, UGA's RB Crowell was hobbling around on a sore ankle and only got 9 carries for 14 yards. UGA dropped a TD pass on their opening drive and settled for a 40 yd FG. They rec'd the onside kick but dropped another TD pass and then missed a 45 yd FG. UGA got a 44/6pl drive for a TD and led 10-0 after 1Q. LSU got a 62 yd PR to make it 10-7 at the half. UGA fumbled to open the 3Q and LSU went 26/2pl for a TD then after a 47 yd PR, LSU went 17/4pl for a TD. At this point, LSU led 21-10 with 55 total yards offense for their 21 points. LSU's most impressive drive came when they took over with 8:08 left, up 28-10 as they got 17, 13 and 15 yard runs followed by a 48 yd TD run by Blue on the fourth play, 35-10 and they then added a 45 yd IR TD with 4:21 left. UGA's last drive was led by backup QB Mason and on 4th down they were SOD at the LSU10. LSU had 8 wins vs AP Top 25 foes, the most previously was LSU (7, 2007), Michigan (7, 1997) and Oklahoma (7, 1975)...Fresno St blocked a FG and returned it 59 yards for a TD and they also go an 88 yard TD pass 4pl after San Diego St was SOD on 4&G at the 1. Fresno led 21-0 mid-2Q but SDS drove 81/11pl then 78/10pl and on 4&G from the 1 with :11 left in the half got a TD to make 21-14. It was tied at 28 when Fresno had the ball at midfield when they were sacked and punted with 2:13 left and the Aztecs drove 66/9pl and got a 2 yd TD run with 1:09 left. Fresno ret'd the KO to the Aztec 47 and on 3&1 Carr was int'd at the 24 with :32 left...Oklahoma QB Landry Jones had not thrown a TD pass in the previous 2 games since he lost his top weapons RB Dominique Whaley and WR Ryan Broyles for the season to injury. A banged up OU team lost for the first time to Oklahoma St in nine games and OSU got their first outright conf title since 1948 when they played in the 3-team Missouri Valley conf. OU was hoping to impress the pollsters and move up to #2 and a shot in the National Title game. TO's were huge as OU had 5. Twice the ball just fell out of Jones' hands. At the half OU had a 15-11 FD edge but OSU a 249-204 yd edge. The key play of the game happened with OU trailing 10-0 and at the OSU19 with 4:42 left in the 1H. Jones was sk'd and fmbld and it was ret'd 59 yds to the OU1 setting up a TD and OSU blew it open to 24-3 at the half. OU fmbld at the OSU30, was int'd at the OSU13 in the 2H...When Michigan St and Wisconsin met the first time, a Hall Mary pass decided it and once again a Hall Mary-type pass would decide this one along with a running into the P call. MSU had 471-345 yd and 23-16 FD edges and led most of the game but on 4&6 Wilson threw up a jump ball with 2 DB's around Duckworth but he hauled it in for a FD at the 7 with 3:45 left and they got a TD on the next play to go up 42-39. UW punted with 2:40 left and the punt was ret'd 64 yds to the 1 but running into the K gave UW a FD and they were able to run out the clock...Hawaii needed a win to get to a bowl game but BYU welcomed back QB Riley Nielson (25-37-363). The Cougars missed 48 and 38 yd FG's after 11 and 9pl drives in the 1H and despite a 16-9 FD edge, actually trailed 13-7 with 3:41 left in the half. They would score the game's next 34 pts. They trailed 13-10 at the half but scored TD's on all three 3Q poss and added a 26 yd FR TD to lead 38-13 after 3Q's. UH did get an 85/12pl drive for a garbage TD with 5:55 left to make the final 41-20 as UH converted on 4&1 and 4&2 on that drive...Boise St was the highest ranked non-AQ team but not eligible for an automatic BCS bowl berth as they did not win their own conf, losing by 1 pt to TCU. Kellen Moore, in his FHG, hit 28-33-313 yds and guided BSU to 38 pts in 3Q's before being pulled with 7:20 left 3Q and a 38-0 lead as Southwick handled 3 poss and BSU was SOD at the NM24, int'd at the 10 and got a TD with 5:01 left. BSU's first punt of the game came with 1:07 left and 3rd string QB Hendrick at the controls.

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4+ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game. With all that said here are this week's Power Plays Selections.

PLAYOFF OUTLOOK

Below is our look at each contenders' playoff chances. We rank them in order of their chances of making the playoffs. Games remaining are listed to the right and the record is in (). DIV/CONF record also listed.

- 1. New England (9-3) 3-1 7-2 @WAS, @DEN, MIA, BUF
The Patriots only face one team that is at or above .500 the rest of the way and are our favorite for the #1 seed for the playoffs. They currently hold the tie breaker versus both Houston and Pittsburgh.
2. Houston (9-3) 4-0 7-2 @CIN, CAR, @IND, TEN
Houston's QB situation should get better each week as Yates will either improve or Delhomme will take over. After this week's game vs CIN, HOU finishes with 2 teams that have a combined 3 wins and are statistically the best team in the NFL. Has the tiebreaker edge over Pittsburgh.
3. Pittsburgh (9-3) 2-2 7-3 CLE, @SF, STL, @CLE
The Steelers do not hold the tie-breaker over BAL as they lost to them twice but they also have the easier finishing schedule with their toughest foe, SF, likely having already clinched when they play. PIT plays CLE twice and STL. We'll call for 12 or 13 wins for the Steelers.
4. Baltimore (8-3)** 2-0-1 5-2 IND, @SD, CLE, @CIN
BAL looks like a sure bet for the playoffs in the Wild Card Round despite their inconsistencies. They have a great shot at topping PIT as they beat them 2x during the reg season but and while they do have a couple of tough games remaining, they should be in the playoffs once again.
5. Denver (7-5) 3-2 6-3 CHI, NE, @BUF, KC
The Tim Tebow phenomenon continues and they just keep winning. DEN is now 7-5 but has CHI and NE as part of their final 4. They do currently hold the tiebreaker vs OAK based on win % in div.
6. NY Jets (7-5) 3-2 5-5 KC, @PHI, NYG, @MIA
It looks like the Jets will be battling CIN for the final Wild Card spot and this is the time of year where they usually hit their stride, doing well in the final month and in the playoffs.
7. Cincinnati (7-5) 2-3 6-4 HOU, @STL, ARZ, BAL
The Bengals have played well in tough game vs both PIT and BAL and they have 3 of their final 4 at home. They could find themselves in the playoffs this year.
8. Oakland (7-5) 2-2 5-5 @GB, DET, @KC, SD
Oakland will battle Denver for the AFC West. The Raiders however have a tougher schedule so we have them here.
9. San Diego (4-7) 1-4 3-5 @JAX, BUF, BAL, @DET, @OAK
The Chargers have definitely unperformed this year but they are also a team very capable of running the table the rest of the way and emerging as the AFC West Champs. Until we see it, we have to list them down here as this is being written when they have yet to play this week (play Monday).
10. Tennessee (7-5) 1-2 4-4 NO, @IND, JAX, @HOU
TEN still has an outside shot at the South but it will be pretty tough needing two big upsets.

STILL ALIVE BUT LONGSHOTS:

Buffalo (5-7), Kansas City (5-7), Jacksonville (3-8), Cleveland (4-8), Miami (4-8), Buffalo (5-7)

- 1. Green Bay (12-0) 4-0 10-0 OAK, @KC, CHI, DET
The only question is not if GB will get the #1 seed in the NFC, but if they will run the table and go 16-0. They can still afford two losses and maintain home field edge throughout.
2. San Francisco (10-2) 3-0 8-1 @ARZ, PIT, @SEA, @STL
The 49ers figure to have the NFC West wrapped up and provided they are not resting their players a lot down the stretch, they could still finish with the 2nd best record in the NFC.
3. New Orleans (8-3) 3-1 5-3 DET, @TEN, @MIN, ATL, CAR
We feel NO is the 2nd best team in the NFC and are capable of challenging GB and should make a run for that #2 seed. They get ATL at home in a key test in their final 4 and a win there clinches the div.
4. Dallas (7-5) 2-1 5-3 NYG, @TB, PHI, @NYG
DAL is our favorite to win the NFC East and figures to be the only NFC East team in the playoffs. The NYG have a much tougher slate so look for the Cowboys to wrap up one of the div spots.
5. Chicago (7-5) 2-2 6-3 @DEN, SEA, @GB, @MIN
While the Bears lost their starting QB and do have to play the Packers on the road, their other games all fall into winnable categories and they figure to have one of the Wild Card spots provided they can stay ahead of DET which actually has a tougher final 4 game schedule.
6. Atlanta (7-5) 1-2 5-4 @CAR, JAX, @NO, TB
While we don't think the Falcons will get past NO on the road, they should be prohibitive favorites vs CAR, JAX and TB and wrap up a Wild Card spot and reach the playoffs a different way this year after being the #1 seed last year.
7. Detroit (7-4) 2-2 5-4 @NO, MIN, @OAK, SD, @GB
The Lions have been a great story this year and while they appear to be fading and have a tough schedule remaining, they still actually have a better than 50/50 chance of making the playoffs.
8. NY Giants (6-6) 1-2 3-5 @DAL, WAS, @NYJ, DAL
The NYG schedule is brutal. They have a much tougher path to the playoffs than does Dallas.

STILL ALIVE, BUT ONLY MATHEMATICALLY:

Seattle (5-7), Washington (4-8), Arizona (5-7), Tampa Bay (4-8), Philadelphia (4-8), Carolina (4-8).

PRO FOOTBALL DECEMBER 8TH-12th, 2011

Power Plays is based upon statistical numbers & rankings that are used to develop the projections you see here. As with all types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, one would expect the projections to be more reliable after a number of weeks word of stats are input. The numbers in parenthesis are a comparison of the teams rankings (Visitor, visitors offense ranking vs home defense ranking, Home home offensive ranking vs visitor defensive ranking) over each teams last 4 games.

THURSDAY, DECEMBER 8th

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|-------------------|---------------|---------------|-------------|---------------|-------|
| CLEVELAND | 80 | 98 | 5 | 3.0 | #27 |
| PITTSBURGH | 192 | 168 | 26 | 1.1 | #12 |

(CLE #28 vs PIT #4, PIT #16 vs CLE #22) - CLE was shown just how far behind they are in the AFC North as they were mauled for 290 yds rushing (5.3) at home. PIT is off a dominating win vs CIN as a 3.5★ LPS dominating in all 3 phases. This isn't a slam dunk as Tomlin is 3-8 ATS as a DD favorite & we want to see the injury reports before making a call here.

NO PLAY: STEELERS 26 BROWNS 5 SUNDAY, DECEMBER 11th

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|---------------------|---------------|---------------|-------------|---------------|-------|
| INDIANAPOLIS | 66 | 175 | 9 | 2.0 | #31 |
| BALTIMORE | 162 | 235 | 32 | 0.3 | #17 |

(IND #29 vs BAL #8, BAL #13 vs IND #23) - IND switched to Orlovsky (6-2 ATS as a starter) & the final score is misleading. IND scored 3 TD's & earned 299 of their 437 yds in the 4Q with the game well out of reach. BAL reasserted itself as an inferior foe & as they usually do in December emphasized Rice (204 yds 7.0) in the offense. PP gives BAL the 2nd biggest yardage margin (+156) here but with a road game to SD on deck and a big line we'll pass for now.

NO PLAY: RAVENS 32 COLTS 9

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|-------------------|---------------|---------------|-------------|---------------|-------|
| HOUSTON | 130 | 183 | 26 | 0.4 | #13 |
| CINCINNATI | 94 | 235 | 18 | 2.1 | #18 |

(HOU #8 vs CIN #12, CIN #14 vs HOU #2) - It's now time for the Texans defense to carry the offense as owner Bob McNair confirmed that WR Johnson (other hamstring) is out a couple of weeks. Yates ran the same offense as a 4 year starter with the Tar Heels & actually studied HOU's as a senior. This will be the 5th straight game for CIN vs a top 10 defense & their own defense is starting to get worn down. PP calls for HOU to pull the upset here and we agree but with this being Yates 1st road start we'll temper the grade.

3★ TEXANS 26 (+) BENGALS 18

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|------------------|---------------|---------------|-------------|---------------|-------|
| OAKLAND | 132 | 230 | 18 | 2.2 | #7 |
| GREEN BAY | 139 | 303 | 36 | 1.1 | #14 |

(OAK #12 vs GB #29, GB #2 vs OAK #20) - The Packers officially clinched the NFC North but aren't resting on their laurels as they seek out the perfect season. This is OAK's 4th road game in 5 Wks and they are dinged up at CB & WR which they need to keep pace here. HF's that just earned their 12th win are 17-7 ATS but GB has only won 4 games by 12 or more pts TY. PP gives the home team an 80 yd edge which fits w/ their defensive style. Rodgers has the receiving depth to exploit a tired OAK team & reduce OAK's rushing threat to a non-factor.

4★ PACKERS 36 RAIDERS 18

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|--------------------|---------------|---------------|-------------|---------------|-------|
| KANSAS CITY | 118 | 155 | 11 | 1.4 | #19 |
| NY JETS | 157 | 126 | 18 | 1.8 | #8 |

(KC #30 vs NYJ #11, NYJ #21 vs KC #6) - The Chiefs have been held to 10 or less in 5 straight games, their lone offensive TD in 12 Qtrs came on a Hail Mary & Tyler Palko has a 5.9 ypa w/a 1-6 ratio. The Jets are once again winning in spite of Sanchez who has a 6.3 or lower ypa for 3 straight games. Ryan is only 3-7 ATS as a fav of 3.5 or more though & PP has a slight lean with the road team. The total is very sound here esp considering the matchup of the Jets pass defense at home.

NO PLAY: JETS 18 CHIEFS 11 • 4★ JETS/CHIEFS: UNDER

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|------------------|---------------|---------------|-------------|---------------|-------|
| MINNESOTA | 116 | 203 | 22 | 1.8 | #21 |
| DETROIT | 100 | 295 | 32 | 1.5 | #30 |

(MIN #20 vs DET #18, DET #7 vs MIN #16) - DET once again had their aggressive nature turned against them with 11 penalties for the 2nd straight week vs NO. They've lost 5 of 7 SU/ATS & now face a MIN team reeling with injuries in the secondary & at the skill positions. MIN's 2H struggles cost them another game TY as they were unable to contain Tebow for 4Qtrs. PP gives DET a 10 pt win in a higher scoring game & while we agree with side/total we won't make it a higher rating as we need to see a more composed team with a TD+ line.

1★ LIONS 32 VIKINGS 22 • 1★ LIONS/VIKINGS: OVER

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|--------------------|---------------|---------------|-------------|---------------|-------|
| NEW ORLEANS | 123 | 338 | 29 | 1.4 | #9 |
| TENNESSEE | 131 | 268 | 22 | 1.7 | #6 |

(NO #1 vs TEN #21, TEN #15 vs NO #32) - Brees is the 1st QB in NFL history w/ 4000 yds in the 1st 12 games. NO broke DET's back with 3 drives of 75+ yds in the 2 Qtr & now get a 7 win TEN team in the playoff hunt. While RB Johnson has had 3 strong games in the L4W they were vs beat up defenses. NO's 4.9 def ypc is a concern but Brees has the ability to put points up fast & take away the run here. PP gives NO a TD win with a 62 yd edge and they haven't secured anything yet so they will remain focused here.

3★ SAINTS 29 TITANS 22

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|---------------------|---------------|---------------|-------------|---------------|-------|
| PHILADELPHIA | 118 | 225 | 14 | 1.3 | #26 |
| MIAMI | 128 | 223 | 27 | 1.3 | #5 |

(PHI #9 vs MIA #3, MIA #23 vs PHI #24) - The Eagles are reeling & its not known if they'll put Vick or Maclin on the field here as their playoff chances are gone. Their WR/DB's have been hit with a slew of injuries the team simply hasn't strung enough momentum together to build chemistry on the field. Sparano deserves a lot of credit for not having his team quit on him after such a bad start & has covered 6 straight. PP gives MIA a 14 pt win with a manageable line & while they only have an 8 pt margin the special teams edge makes up for it. This is the one team every year that no one wants to face late in the season.

4★ DOLPHINS 27 EAGLES 14

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |
|--------------------|---------------|---------------|-------------|---------------|-------|
| NEW ENGLAND | 87 | 275 | 31 | 0.7 | #11 |
| WASHINGTON | 69 | 318 | 18 | 2.5 | #23 |

(NE #3 vs WAS #7, WAS #17 vs NE #30) - NE vivisected the Colts LW despite the final score as they had a 31-3 lead before easing off in the 3rd Qtr. WAS gave the Jets a good fight for 3.5 Qtrs before Grossman committed 2 TO's to change the game. WAS will be w/o their best OL (LT Williams) & #1 receiving option

(TE Davis) the rest of the season due to suspension. Shanahan has always managed to hold his own vs Belichick who has a road game vs Tebow & the Broncos on deck. We'll pass until we see the Redskins roster moves for this game.

NO PLAY: PATRIOTS 31 REDSKINS 18

| | Yards Rushing | Yards Passing | Turn Points | Special Overs | Teams |

| ATLANTA | 130 | 238 | 24 | 2.3 | #22 |
| CAROLINA | 125 | 245 | 20 | 2.1 | #32 |

(ATL #4 vs CAR #26, CAR #10 vs ATL #9) - ATL was embarrassed by HOU LW failing to take advantage of a rookie QB in his 1st start. The Falcons started off w/ 3 punts & 2 lnts in the game which they couldn't recover from. CAR rolled a young & worn out TB defense that didn't have their starting QB to help them out. PP calls for an even game in terms of yds (CAR +3) & has it right around the line so No Play.

NO PLAY: FALCONS 24 PANTHERS 20

| TAMPA BAY | 111 | 188 | 17 | 2.2 | #10 |
| JACKSONVILLE | 148 | 193 | 18 | 1.5 | #28 |

(TB #22 vs JAX #4, JAX #31 vs TB #27) - JAX is off a MNF game vs SD with an interim HC & a new owner so those results are unknown. TB rested Freeman LW (bruised shoulder) & were embarrassed at home by Newton. Neither team has a good following right now & this may be an attendance low for the NFL here. There are too many unknown variables here so No Play.

NO PLAY: JAGUARS 18 BUCS 17

| SAN FRANCISCO | 115 | 198 | 19 | 1.0 | #2 |
| ARIZONA | 102 | 213 | 13 | 2.2 | #4 |

(SF #19 vs ARZ #16, ARZ #18 vs SF #1) - SF clinched its 1st NFC West title since 2002 as they shutout the Rams to avenge a loss that knocked them out of playoff contention in 2010. The only downside is that All-Pro LB Willis (hamstring) was hurt. ARZ got Kolb back LW & pulled an upset over DAL in OT. We'll hold off on the side until we see how SF reacts to their success here but the total is quite attractive esp since DIV games are 18-7 to the Under if a team is off a shutout of another DIV foe.

| DENVER | 150 | 173 | 19 | 2.1 | #3 |

(CHI #27 vs DEN #25, DEN #23 vs CHI #14) - Fox is winning TY with the same formula that got him to SB 38: rushing, defense, special teams & no TO's. CHI lost their best player on offense in Forte (MCL sprain) who is out 2-4 Wks. At home vs KC, the Bears had 1 drive over 40 yds & it ended in an Int. They how have to travel to an amped environment with an uncertain QB situation. PP has this at the line though so No Play.

| BUFFALO | 90 | 235 | 22 | 1.6 | #24 |
| SAN DIEGO | 127 | 265 | 31 | 0.9 | #20 |

(BUF #25 vs SD #28, SD #10 vs BUF #13) - SD is off a cross-country MNF trip to JAX & its not known how they responded to reports that Turner is gone at the end of the season. BUF's lack of depth on defense & at WR caught up to them LW but Fitzpatrick had a decent overall game. No line here means No Play though.

(NYG #4 vs DAL #15, DAL #6 vs NYG #31) - Despite everything that's happened to them the Giants still have a chance to win the NFC East TY. DAL once again took a step back after taking 2 steps forward with their OT loss & this is now an interesting SNF game. **Get this play on the Northcoast Debit Card System for only \$9 after 11:00 am ET on Sunday. (STL #32 vs SEA #10, SEA #26 vs STL #19) - In 2010 both teams were competing for a Wildcard spot but injuries have badly depleted both squads. This isn't a MNF game without implications as STL needs a national win to avoid a coaching purge as 7 of the L8 coaches to finish with 2 wins have been purged. **We are offering a MONEY BACK PLUS Guarantee on MNM through the Northcoast Debit Card System - take advantage on Monday night after 3:00 pm ET!
